

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Dominick Vassos
DOCKET NO.: 20-08032.001-R-1
PARCEL NO.: 03-17-309-034

The parties of record before the Property Tax Appeal Board are Dominick Vassos, the appellant, by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the DuPage County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **DuPage** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$54,760
IMPR.: \$110,980
TOTAL: \$165,740

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the DuPage County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick and frame exterior construction with 3,485 square feet of living area. The dwelling was constructed in 1988 and is approximately 32 years old. Features of the home include a basement, central air conditioning, a fireplace, and a 592 square foot garage. The property has a 8,591 square foot site and is located in Addison, Addison Township, DuPage County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on three comparable sales, together with a listing sheet for each comparable sale. One of the comparables is located within the same assessment neighborhood code as the subject property. The parcels range in size from 9,200 to 14,040 square feet of land area and are improved with two-story homes of brick or brick and frame exterior construction ranging in size from 3,222 to 3,520 square feet of living area. The dwellings are 29 or 31 years

old. Each home has a basement, central air conditioning, one or two fireplaces, and a garage ranging in size from 638 to 744 square feet of building area. Comparable #1 has a basement recreation room, full bathroom, and a second kitchen. Comparable #2 has a basement second kitchen and other finished area. The comparables sold from June 2017 to November 2018 for prices ranging from \$400,000 to \$440,000 or from \$124.15 to \$130.37 per square foot of living area, including land.

Based on this evidence the appellant requested a reduction in the subject's assessment to \$146,944 which would reflect a market value of \$440,876 or \$126.51 per square foot of living area, including land, at the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$165,740. The subject's assessment reflects a market value of \$496,228 or \$142.39 per square foot of living area, land included, when using the 2020 three year average median level of assessment for DuPage County of 33.40% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on four comparable sales where comparable #1 is the same property as the appellant's comparable #1, together with a map depicting the locations of both parties' comparables in relation to the subject and property record cards for the parties' comparables. The four parcels range in size from 9,840 to 18,130 square feet of land area and are improved with two-story homes of brick or brick and frame exterior construction ranging in size from 3,260 to 3,766 square feet of living area. The dwellings were built in 1988 or 1989. Each home has a basement, central air conditioning, one or two fireplaces, and a garage ranging in size from 484 to 792 square feet of building area. The comparables sold from February 2018 to November 2019 for prices ranging from \$425,000 to \$710,000 or from \$130.37 to \$188.53 per square foot of living area, including land.

The board of review noted that the subject's assessment increased from 2019 to 2020 only by the township equalization factor of 1.04.

Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of six comparable sales, with one common sale, for the Board's consideration. The Board gives less weight to the appellant's comparables #2 and #3, which sold less proximate in time to the January 1, 2019 assessment date. The Board gives less weight to

the appellant's comparable #1/board of review's comparable #1 and the board of review's comparable #4, due to significant differences from the subject in basement finish and/or lot size.

The Board finds the best evidence of market value to be the board of review's comparables #2 and #3, which are similar to the subject in dwelling size, age, location, and most features. These most similar comparables sold in February 2018 and November 2019 for prices of \$475,000 to \$550,000 or \$143.68 and \$155.85 per square foot of living area, including land, respectively; however, the 2018 sale is less proximate in time to the January 1, 2020 assessment at issue in this appeal. The subject's assessment reflects a market value of \$483,055 or \$138.61 per square foot of living area, including land, which is bracketed the best comparable sales in terms of total market value and below the best comparables on a price per square foot basis. Based on this evidence the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
