

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Phillip Bowers
DOCKET NO.: 20-08083.001-R-1
PARCEL NO.: 09-09-311-011

The parties of record before the Property Tax Appeal Board are Phillip Bowers, the appellant, by Jessica Hill-Magiera, Attorney at Law in Lake Zurich; and the DuPage County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **DuPage** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$55,030
IMPR.: \$54,640
TOTAL: \$109,670

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the DuPage County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of frame and brick exterior construction with 1,236 square feet of living area.¹ The dwelling was constructed in 1959. Features of the home include an unfinished basement and a garage containing 360 square feet of building area. The property has a 7,920 square foot site and is located in Downers Grove, Downers Grove Township, DuPage County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on five comparable sales located within .33 of a mile of the subject and within the subject's assessment neighborhood. The comparables consist of one-story or split-level dwellings of frame or brick exterior construction ranging in size from 1,080 to

1,321 square feet of living area.² The homes were built from 1956 to 1963. Each dwelling has an unfinished basement and a garage ranging in size from 253 to 480 square feet of building area. Three comparables have central air conditioning and two comparables each have a fireplace. The parcels range in size from 7,920 to 12,700 square feet of land area. The comparables sold from April 2019 to August 2020 for prices ranging from \$212,000 to \$280,000 or from \$189.96 to \$238.10 per square foot of living area, including land. Based on this evidence, the appellant requested a reduced assessment of \$85,760, for an estimated market value of \$257,306 or \$208.18 per square foot of living area, including land, when applying the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$109,670. The subject's assessment reflects a market value of \$328,353 or \$265.66 per square foot of living area, land included, when using the 2020 three-year average median level of assessment for DuPage County of 33.40% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on six comparable sales located within .31 of a mile of the subject and within the subject's assessment neighborhood.³ The comparables consist of one-story dwellings of frame or brick exterior construction ranging in size from 922 to 1,215 square feet of living area. The dwellings were built from 1955 to 1969. Each dwelling has a garage ranging in size from 280 to 624 square feet of building area. Four comparables have central air conditioning, four comparables each have a basement with three having finished area, and one comparable has a fireplace. The parcels range in size from 7,524 to 12,768 square feet of land area. The comparables sold from February 2017 to June 2020 for prices ranging from \$300,000 to \$355,000 or from \$257.51 to \$385.03 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of 11 comparable sales to support their respective positions before the Property Tax Appeal Board. The Board gives less weight to the appellant's comparable #2 due to its dissimilar split-level design when compared to the subject. The Board also gives reduced weight to board of review comparables #1 and #2 due to their remote sale dates for valuation as of January 1, 2020, and board of review comparable #4 due to its dissimilar foundation when compared to the subject.

² Details not reported by the appellant were drawn from the property record cards submitted by the board of review.

³ Comparable #5 is a multiparcel sale where one parcel includes a 7,524 square foot with a dwelling and the second parcel includes a 396 square foot site.

The Board finds the best evidence of market value to be appellant's comparable sales #1, #3, #4, and #5 along with board of review comparable sales #3, #5, and #6, which are similar to the subject in age, location, dwelling size, and some features. These most similar comparables sold from April 2019 to August 2020 for prices ranging from \$212,000 to \$327,000 or from \$189.96 to \$269.14 per square foot of living area, including land. The subject's assessment reflects a market value of \$328,353 or \$265.66 per square foot of living area, including land, which is within the range established by the best comparable sales in this record on a per-square-foot basis. Although the subject's estimated market value is slightly above the range overall, the Board finds this logical due to the subject's larger dwelling and larger basement in relation to the best comparables in the record. Based on this evidence and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
