

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Silviu Velicu  
DOCKET NO.: 20-08114.001-R-1  
PARCEL NO.: 09-15-406-081

The parties of record before the Property Tax Appeal Board are Silviu Velicu, the appellant, by Jessica Hill-Magiera, Attorney at Law in Lake Zurich; and the DuPage County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **DuPage** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$53,690  
**IMPR.:** \$169,490  
**TOTAL:** \$223,180

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the DuPage County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-story dwelling of brick and frame exterior construction<sup>1</sup> with 3,348 square feet of living area. The dwelling was constructed in 1992. Features of the home include an unfinished basement, central air conditioning, a fireplace and a 584 square foot garage. The property has an approximately 13,050 square foot site and is located in Willowbrook, Downers Grove Township, DuPage County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on seven comparable sales located within 0.79 of a mile and in the same neighborhood code as the subject. The comparables have sites that range in size from 8,910 to 19,294 square feet of land area<sup>2</sup>. The comparables are improved with 2-story dwellings

<sup>1</sup> The Board finds the best description of the subject is found in the property record card provided by the board of review.

<sup>2</sup> The Board finds additional details regarding the comparables not reported by the appellant was found in the board of review's evidence, through the township assessor.

of brick, frame or brick and frame exterior construction ranging in size from 2,929 to 3,686 square feet of living area that were built from 1986 to 1999. Each comparable is reported to have a basement, two with finished area, one fireplace and a garage ranging in size from 519 to 746 square feet of building area. Five comparables each have central air conditioning. The comparables sold from September 2019 to November 2020 for prices ranging from \$445,000 to \$640,000 or from \$147.82 to \$189.21 per square foot of living area, including land. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$223,180. The subject's assessment reflects a market value of \$668,204 or \$199.58 per square foot of living area, land included, when using the 2020 three-year average median level of assessment for DuPage County of 33.40% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review, through the township assessor, submitted information on five comparable sales located in the same neighborhood code as the subject and a map depicting the locations of the comparables in relation to the subject. The comparables have sites ranging in size from 8,826 to 34,683 square feet of land area. The comparables are improved with 2-story dwellings of frame exterior construction ranging in size from 3,043 to 3,365 square feet of living area. The dwellings were built from 1987 to 1998. Each comparable has a basement two with finished area, one fireplace and a garage ranging in size from 570 to 864 square feet of building area. Three comparables each have central air conditioning. The comparables sold from November 2018 to October 2020 for prices ranging from \$609,900 to \$785,000 or from \$200.43 to \$233.28 per square foot of living area, including land.

In rebuttal, the appellant argued that the board of review comparable #5 should be given less weight due to its remote sale date when compared to the subject.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains twelve suggested comparable sales for the Board's consideration. The Board has given less weight to the appellant's comparables #2, #4 and #7 along with the board of review's comparables #2, #3 and #4 due to their lack of central air conditioning and/or their basement finished areas when compared to the subject. The Board has given less weight to the board of review comparable #5 due to its sale date occurring in 2018, which sold less proximate in time to the January 1, 2020 assessment date given other sales available in the record.

The Board finds the best evidence of market value to be the appellant's comparables #1, #3, #5 and #6 along with the board of review's comparable #1. The Board finds these comparables sold proximate in time to the assessment date at issue and are similar to the subject in location, design, age, dwelling size and some features. The comparables sold from November 2019 to November 2020 for prices ranging from \$445,000 to \$690,000 or from \$147.82 to \$210.17 per square foot of living area, including land. The subject's assessment reflects a market value of \$668,204 or \$199.58 per square foot of living area, including land, which falls within the range by the best comparable sales in the record. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds no reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
