

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Aejaz & Shagufta Hashmi
DOCKET NO.: 20-08133.001-R-1
PARCEL NO.: 08-22-107-006

The parties of record before the Property Tax Appeal Board are Aejaz & Shagufta Hashmi, the appellants, by Jessica Hill-Magiera, Attorney at Law in Lake Zurich; and the DuPage County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the **DuPage** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$54,700
IMPR.: \$102,340
TOTAL: \$157,040

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellants timely filed the appeal from a decision of the DuPage County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a part 1-story and part 2-story dwelling of brick and frame exterior construction¹ with 2,969 square feet of living area. The dwelling was constructed in 1980. Features of the home include an unfinished basement, central air conditioning, one fireplace and a 667 square foot garage. The property has an approximately 11,064 square foot site and is located in Lisle, Lisle Township, DuPage County.

The appellants contend overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on seven comparable sales located within 0.41 of a mile, and in the same neighborhood code as the subject. Six comparables are reported to have sites ranging in

size from 8,877 to 16,478 square feet of land area². The comparables are improved with part 1-story and part 2-story dwellings of frame exterior construction ranging in size from 2,631 to 3,156 square feet of living area that were built from 1979 to 1985. Each comparable is reported to have an unfinished basement, central air conditioning, one or two fireplaces and a garage ranging in size from 441 to 543 square feet of building area. The comparables sold from May 2019 to June 2020 for prices ranging from \$372,500 to \$495,000 or from \$126.52 to \$161.63 per square foot of living area, including land. Based on this evidence, the appellants requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$178,940. The subject's assessment reflects a market value of \$535,749 or \$180.45 per square foot of living area, land included, when using the 2020 three-year average median level of assessment for DuPage County of 33.40% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted information on five comparable sales located within 0.41 of a mile, and in the same neighborhood code as the subject. The comparables have sites ranging in size from 8,640 to 14,429 square feet of land area. The comparables are improved with part 1-story part 2-story or 2-story dwellings of frame or brick and frame exterior construction ranging in size from 2,508 to 3,313 square feet of living area. The dwellings were built from 1979 to 1986. Each comparable has a basement three with finished area, central air conditioning, one or two fireplaces and a garage ranging in size from 441 to 766 square feet of building area. The comparables sold from October 2018 to March 2020 for prices ranging from \$455,000 to \$615,000 or from \$180.18 to \$201.57 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

In rebuttal, the appellants critiqued that the board of review comparables should be given less weight due to dissimilar dwelling size, finished basement area and/or remote sale date when compared to the subject.

Conclusion of Law

The appellants contend the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellants met this burden of proof and a reduction in the subject's assessment is warranted.

The record contains twelve suggested comparable sales for the Board's consideration. The Board has given less weight to the appellants' comparables #3, #5 and #6 for their lack of site size evidence and/or dissimilar dwelling size when compared to the subject. The Board has given less weight to the board of review comparables due to their finished basement area, a feature the

subject lacks, or for the remote sale date occurring in 2018, which is less proximate in time to the January 1, 2020 assessment date given other sales available in the record.

The Board finds the best evidence of market value to be the appellants' comparables #1, #2 and #7. The Board finds these comparables sold proximate in time to the assessment date at issue and are more similar to the subject in location, design, age, dwelling size and some features. The comparables sold for prices ranging from \$372,500 to \$495,000 or from \$126.52 to \$158.70 per square foot of living area, including land. The subject's assessment reflects a market value of \$535,749 or \$180.48 per square foot of living area, including land, which is greater than the best comparable sales in the record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the subject's estimated market value as reflected by its assessment is excessive. Therefore, based on this record the Board finds a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
