

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Sunil & Jyothisri Kondapalli
DOCKET NO.: 20-08171.001-R-1
PARCEL NO.: 09-22-202-033

The parties of record before the Property Tax Appeal Board are Sunil & Jyothisri Kondapalli, the appellants, by Jessica Hill-Magiera, Attorney at Law in Lake Zurich; and the DuPage County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **DuPage** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$65,180
IMPR.: \$169,290
TOTAL: \$234,470

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellants timely filed the appeal from a decision of the DuPage County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick exterior construction with 3,762 square feet of living area.¹ The dwelling was constructed in 2002. Features of the home include a basement with finished area, central air conditioning, a fireplace, and a garage containing 718 square feet of building area. The property has a 13,113 square foot site and is located in Willowbrook, Downers Grove Township, DuPage County.

The appellants contend overvaluation as the basis of the appeal. In support of this argument the appellants submitted information on six comparable sales located within .53 of a mile of the subject and within the subject's assessment neighborhood. The comparables consist of two-story dwellings of brick or frame exterior construction ranging in size from 3,486 to 3,978 square feet

¹ Details not reported by the appellants were drawn from the subject's property record card submitted by the board of review.

of living area.² The homes were built from 1994 to 2006. Each dwelling has central air conditioning, one or two fireplaces, a basement with two having finished area, and a garage ranging in size from 618 to 686 square feet of building area. The parcels range in size from 13,010 to 49,005 square feet of land area. The comparables sold from January 2019 to November 2020 for prices ranging from \$560,000 to \$650,000 or from \$152.09 to \$186.46 per square foot of living area, including land. Based on this evidence, the appellants requested a reduced assessment of \$202,317, for an estimated market value of \$607,012 or \$161.35 per square foot of living area, including land, when applying the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$234,470. The subject's assessment reflects a market value of \$702,006 or \$186.60 per square foot of living area, land included, when using the 2020 three-year average median level of assessment for DuPage County of 33.40% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on four comparable sales located within .58 of a mile of the subject and within the subject's assessment neighborhood. The comparables consist of two-story dwellings of frame exterior construction ranging in size from 3,296 to 3,885 square feet of living area. The dwellings were built from 2000 to 2013. Each dwelling has central air conditioning, a fireplace, a basement with two having finished area, and a garage ranging in size from 495 to 966 square feet of building area. The parcels range in size from 11,253 to 24,740 square feet of land area. The comparables sold from July 2018 to July 2020 for prices ranging from \$615,000 to \$845,000 or from \$176.32 to \$227.52 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

In rebuttal, the appellants argued that less weight should be given to board of review comparables #1 and #3 due to differences from the subject in age, dwelling size, and/or remote sale date.

Conclusion of Law

The appellants contend the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellants did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of ten comparable sales to support their respective positions before the Property Tax Appeal Board. The Board gives less weight to the appellants' comparable #5 due to its larger parcel in relation to the subject. The Board also gives reduced weight to board of review comparable #3 due to its remote sale date for valuation as of January 1, 2020.

² Details not reported by the appellants were drawn from the property record cards submitted by the board of review.

The Board finds the best evidence of market value to be appellants' comparable sales #1, #2, #3, #5, and #6 along with board of review comparable sales #1, #2, and #4, which are similar to the subject in age, dwelling size, and some features. These most similar comparables sold from January 2019 to July 2020 for prices ranging from \$565,000 to \$700,000 or from \$152.09 to \$195.75 per square foot of living area, including land. The subject's assessment reflects a market value of \$702,006 or \$186.60 per square foot of living area, including land, which is within the range established by the best comparable sales in this record on a per-square-foot basis and only slightly above the range overall. Based on this evidence and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
