

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: William J. Cox
DOCKET NO.: 20-08173.001-R-1
PARCEL NO.: 01-19-312-010

The parties of record before the Property Tax Appeal Board are William J. Cox, the appellant, by Jessica Hill-Magiera, Attorney at Law in Lake Zurich; and the DuPage County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **DuPage** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$34,490
IMPR.: \$80,820
TOTAL: \$115,310

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the DuPage County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of aluminum siding and brick exterior construction with 2,381 square feet of living area.¹ The dwelling was constructed in 2001. Features of the home include an unfinished basement, central air conditioning, a fireplace, and a garage containing 746 square feet of building area. The property is located in West Chicago, Wayne Township, DuPage County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on five comparable sales located within .46 of a mile of the subject. The comparables consist of two-story dwellings of vinyl siding exterior construction each containing 2,301 square feet of living area.² The homes were built from 1998 to 2001.

¹ Details not reported by the appellant were drawn from the subject's property record card submitted by the board of review.

² Details not reported by the appellant were drawn from the property record cards submitted by the board of review.

Each dwelling has central air conditioning, a basement with two having finished area, and a garage containing 539 square feet of building area. Four comparables each have a fireplace. The parcels range in size from 8,125 to 12,632 square feet of land area.³ The comparables sold from April 2019 to July 2020 for prices ranging from \$313,000 to \$330,000 or from \$136.03 to \$143.42 per square foot of living area, including land. Based on this evidence, the appellant requested a reduced assessment of \$109,712, for an estimated market value of \$329,169 or \$138.25 per square foot of living area, including land, when applying the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$120,800. The subject's assessment reflects a market value of \$361,677 or \$151.90 per square foot of living area, land included, when using the 2020 three-year average median level of assessment for DuPage County of 33.40% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on six comparable sales located within .38 of a mile of the subject and within the subject's assessment neighborhood. The comparables consist of two-story dwellings of aluminum siding and brick exterior construction ranging in size from 2,381 to 2,995 square feet of living area. The dwellings were built from 1999 to 2001. Each dwelling has central air conditioning, a basement with one having finished area, and a garage ranging in size from 560 to 746 square feet of building area. Five comparables each have a fireplace. The parcels range in size from 9,360 to 26,978 square feet of land area. The comparables sold from March 2018 to July 2020 for prices ranging from \$370,000 to \$440,000 or from \$136.09 to \$166.60 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

In rebuttal, the appellant argued that the board of review's comparables should be given less weight due to their larger dwellings or remote sale dates.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted a total of 11 comparable sales to support their respective positions before the Property Tax Appeal Board. The Board gives less weight to the appellant's comparables #3 and #4 due to their finished basements, a feature the subject lacks. The Board also gives reduced weight to the board of review's comparables due to their larger dwellings in relation to the subject or their remote sale dates for valuation as of January 1, 2020. Additionally, board of review comparable #3 has finished basement area which the subject lacks.

³ Parcel sizes were drawn from the Illinois Real Estate Transfer Declarations submitted by the board of review.

The Board finds the best evidence of market value to be the appellant's comparable sales #1, #2, and #5, which are similar to the subject in age, dwelling size, location, and features. These most similar comparables sold in November 2019 and April 2020 for prices ranging from \$313,000 to \$330,000 or from \$136.03 to \$143.42 per square foot of living area, including land. The subject's assessment reflects a market value of \$361,677 or \$151.90 per square foot of living area, including land, which is above the range established by the best comparable sales in this record. Based on this evidence and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
