

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Nithish Tharakan
DOCKET NO.: 20-08174.001-R-1
PARCEL NO.: 01-03-106-004

The parties of record before the Property Tax Appeal Board are Nithish Tharakan, the appellant, by Jessica Hill-Magiera, Attorney at Law in Lake Zurich; and the DuPage County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **DuPage** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$43,840
IMPR.: \$139,960
TOTAL: \$183,800

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the DuPage County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick exterior construction with 4,509 square feet of living area.¹ The dwelling was constructed in 2005. Features of the home include an unfinished basement, central air conditioning, a fireplace, and a garage containing 658 square feet of building area. The property has a 22,758 square foot site and is located in Bartlett, Wayne Township, DuPage County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on four comparable sales located within .16 of a mile of the subject and within the subject's assessment neighborhood. The comparables consist of two-story dwellings of brick or brick and stone exterior construction ranging in size from 4,192 to 5,138

square feet of living area.² The homes were built in 2004 or 2005. Each dwelling has central air conditioning, a fireplace, an unfinished basement, and a garage ranging in size from 658 to 819 square feet of building area. The parcels range in size from 20,473 to 34,929 square feet of land area. The comparables sold from August 2018 to July 2020 for prices ranging from \$485,000 to \$600,000 or from \$105.65 to \$116.78 per square foot of living area, including land. Based on this evidence, the appellant requested a reduced assessment of \$169,766, for an estimated market value of \$509,349 or \$112.96 per square foot of living area, including land, when applying the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$183,800. The subject's assessment reflects a market value of \$550,299 or \$122.04 per square foot of living area, land included, when using the 2020 three-year average median level of assessment for DuPage County of 33.40% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on five comparable sales located within 2.11 miles of the subject, two of which are in the subject's assessment neighborhood. Comparable #2 is the same property as appellant comparable #3. The comparables consist of two-story dwellings of frame, brick, vinyl siding, frame and brick, or brick and stone exterior construction ranging in size from 3,540 to 5,138 square feet of living area. The dwellings were built from 1987 to 2004. Each dwelling has central air conditioning, one or two fireplaces, a basement with two having finished area, and a garage ranging in size from 621 to 819 square feet of building area. Comparables #1 and #4 each have an inground swimming pool. The parcels range in size from 21,085 to 34,929 square feet of land area. The comparables sold from July 2018 to February 2020 for prices ranging from \$520,000 to \$600,000 or from \$116.78 to \$148.31 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

In rebuttal, the appellant argued that board of review comparables #3 through #5 should be given less weight due to differences from the subject in age, location, dwelling size, design, and/or remote sale date.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of eight comparable sales to support their respective positions before the Property Tax Appeal Board, with one comparable being common to the parties. The Board gives less weight to the appellant's comparable #4 due to its remote sale date for valuation

as of January 1, 2020. The Board also gives reduced weight to board of review comparables #1, #3, #4, and #5 due to differences in dwelling size, age, location, and inground swimming pool amenity when compared to the subject. Additionally, board of review comparable #4 sold remotely in time to the January 1, 2020 lien date at issue.

The Board finds the best evidence of market value to be appellant's comparable sales #1, #2, and #3, including the common comparable, which are similar to the subject in age, dwelling size, and features. These most similar comparables sold in May and July 2020 for prices ranging from \$485,000 to \$600,000 or from \$110.23 to \$116.78 per square foot of living area, including land. The subject's assessment reflects a market value of \$550,299 or \$122.04 per square foot of living area, including land, which is within the range established by the best comparable sales in this record overall. Based on this evidence and after considering adjustments to the best comparables for differences when compared to the subject, such as the principle of economies of scale, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
