

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Kameswari Sripada
DOCKET NO.: 20-08180.001-R-1
PARCEL NO.: 09-28-410-030

The parties of record before the Property Tax Appeal Board are Kameswari Sripada, the appellant, by Jessica Hill-Magiera, Attorney at Law in Lake Zurich; and the DuPage County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **DuPage** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$47,190
IMPR.: \$91,470
TOTAL: \$138,660

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the DuPage County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of brick and frame exterior construction¹ with 2,391 square feet of living area. The dwelling was constructed in 1983. Features of the home include an unfinished basement, central air conditioning, one fireplace and a 598 square foot garage. The property has a 14,100 square foot site and is located in Darien, Downers Grove Township, DuPage County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on six comparable sales located from 0.06 of a mile to 0.84 of a mile, with two comparables being in the same neighborhood code as the subject. The comparables are reported to have sites ranging in size from 9,600 to 14,931 square feet of land

area². The comparables are improved with 2-story dwellings of frame or frame and brick exterior construction ranging in size from 2,234 to 2,571 square feet of living area that were built from 1974 to 1986. Each comparable is reported to have a basement and a garage ranging in size from 440 to 532 square feet of building area. Five comparables each have central air conditioning and four comparables each have one fireplace. The comparables sold from July 2019 to November 2020 for prices ranging from \$322,500 to \$410,000 or from \$131.99 to \$172.11 per square foot of living area, including land. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$138,660. The subject's assessment reflects a market value of \$415,150 or \$173.63 per square foot of living area, land included, when using the 2020 three-year average median level of assessment for DuPage County of 33.40% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review, through the township assessor submitted information on five comparable sales located from 0.16 of a mile to 0.77 of a mile, with one comparable being in the same neighborhood code as the subject. The board of review comparable #1 is the same property as the appellant's comparable #2. The comparables have sites ranging in size from 9,284 to 18,572 square feet of land area. The comparables are improved with 2-story dwellings of frame or frame and brick exterior construction ranging in size from 2,106 to 2,514 square feet of living area. The dwellings were built from 1974 to 1987. Each comparable is reported to have a basement, one with finished area, one fireplace and a garage ranging in size from 440 to 669 square feet of building area. Four comparables each have central air conditioning. The comparables sold from November 2018 to June 2020 for prices ranging from \$375,000 to \$435,000 or from \$171.04 to \$178.06 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

In rebuttal, the appellant argued the board of review comparables #2 through #5 should be given less weight due to being located in a different neighborhood code. Additionally, with comparable #5 having a sale date remote in time.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

the board of review comparable #2 due to lack of central air conditioning and/or a basement with a finished area, a feature that the subject lacks. The Board has given less weight to the board of review comparable #5 due to its sale date occurring in 2018, which sold less proximate in time to the January 1, 2020 assessment date given other sales available in the record.

The Board finds the best evidence of market value to be the appellant's comparables #1, #3 through #6 along with the board of review comparables #2, #3 and #4. The Board finds these comparables sold more proximate in time to the assessment date at issue and are similar to the subject in location, design, age, dwelling size and some features. The comparables sold for prices ranging from \$322,500 to \$430,000 or from \$131.99 to \$178.06 per square foot of living area, including land. The subject's assessment reflects a market value of \$415,150 or \$173.63 per square foot of living area, including land, which falls within the range by the best comparable sales in the record. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds no reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
