

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Christopher Sullivan  
DOCKET NO.: 20-08191.001-R-1  
PARCEL NO.: 09-13-106-027

The parties of record before the Property Tax Appeal Board are Christopher Sullivan, the appellant, by Jessica Hill-Magiera, Attorney at Law in Lake Zurich; and the DuPage County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **DuPage** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$112,660  
**IMPR.:** \$217,700  
**TOTAL:** \$330,360

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the DuPage County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of brick exterior construction with 4,254 square feet of living area.<sup>1</sup> The dwelling was constructed in 1996. Features of the home include an unfinished basement, central air conditioning, a fireplace, and a garage containing 880 square feet of building area. The property has an 18,827 square foot site and is located in Hinsdale, Downers Grove Township, DuPage County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on four comparable sales located within .41 of a mile of the subject and within the subject's assessment neighborhood. The comparables consist of two-story dwellings of brick or brick and frame exterior construction ranging in size from 3,896 to 4,495

square feet of living area.<sup>2</sup> The homes were built from 1989 to 1998. Each dwelling has central air conditioning, one or two fireplaces, a basement with two having finished area, and a garage ranging in size from 460 to 749 square feet of building area. The parcels range in size from 10,004 to 14,808 square feet of land area. The comparables sold from March 2019 to August 2020 for prices ranging from \$815,000 to \$930,000 or from \$206.90 to \$218.79 per square foot of living area, including land. Based on this evidence, the appellant requested a reduced assessment of \$302,703, for an estimated market value of \$908,200 or \$213.49 per square foot of living area, including land, when applying the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$330,360. The subject's assessment reflects a market value of \$989,102 or \$232.51 per square foot of living area, land included, when using the 2020 three-year average median level of assessment for DuPage County of 33.40% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on five comparable sales located within .44 of a mile of the subject, four of which are in the subject's assessment neighborhood. The comparables consist of two-story or three-story dwellings of brick or frame exterior construction ranging in size from 3,571 to 4,352 square feet of living area. The dwellings were built from 1939 to 2001, with the oldest comparable having an effective age of 1985. Each dwelling has one or two fireplaces, a basement with three having finished area, and a garage ranging in size from 528 to 924 square feet of building area. Four comparables have central air conditioning. The parcels range in size from 10,000 to 17,806 square feet of land area. The comparables sold from January 2018 to March 2020 for prices ranging from \$880,000 to \$1,200,000 or from \$232.68 to \$308.04 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

In rebuttal, the appellant argued that board of review comparables #2 through #5 should be given less weight due to differences from the subject in age, dwelling size, and/or remote sale date.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of nine comparable sales to support their respective positions before the Property Tax Appeal Board. The Board gives less weight to board of review comparable #2 due to its dissimilar three-story design when compared to the subject. The Board also gives reduced weight to board of review comparables #3 through #5 which sold less proximately to the January 1, 2020 lien date at issue.

---

<sup>2</sup> Details not reported by the appellant were drawn from the property record cards submitted by the board of review.

The Board finds the best evidence of market value to be the appellant's comparable sales and board of review comparable sale #1, which are similar to the subject in age, location, dwelling size, and some features. These most similar comparables sold from March 2019 to August 2020 for prices ranging from \$815,000 to \$1,200,000 or from \$206.90 to \$275.74 per square foot of living area, including land. The subject's assessment reflects a market value of \$989,102 or \$232.51 per square foot of living area, including land, which is within the range established by the best comparable sales in this record. Based on this evidence and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
