

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Salwa Sunbulli
DOCKET NO.: 20-08278.001-R-1
PARCEL NO.: 09-13-308-020

The parties of record before the Property Tax Appeal Board are Salwa Sunbulli, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Chicago; and the DuPage County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **DuPage** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$193,460
IMPR.: \$247,990
TOTAL: \$441,450

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the DuPage County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame exterior construction with 3,885 square feet of living area. The dwelling was constructed in 1998 and is 22 years old. Features of the home include a finished basement, two fireplaces and a 726 square foot garage. The property has a 15,325 square foot site and is located in Burr Ridge, Downers Grove Township, DuPage County.

The appellant contends assessment inequity with respect to the improvement assessment as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables located in the same assessment neighborhood code as the subject and within .11 of a mile from the subject property. The comparables are improved with two-story dwellings of brick exterior construction that range in size from 3,662 to 3,957 square feet of living area. The homes are 21 or 23 years old. Each comparable has a basement, central air conditioning,

one or three fireplaces and a garage ranging in size from 638 to 838 square feet of building area. The comparables have improvement assessments that range from \$173,980 to \$194,130 or from \$45.80 to \$53.01 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$441,450. The subject has an improvement assessment of \$247,990 or \$63.83 per square foot of living area.

The board of review's evidence that was prepared by the township assessor disclosed the appellant's comparables have finished basement area that was not reported by the appellant.

In support of its contention of the correct assessment, the board of review submitted information prepared by the township assessor on three equity comparables with the same assessment neighborhood code as the subject. The assessor's comparables are improved with two-story dwellings of frame or frame and brick exterior construction that range in size from 3,763 to 4,131 square feet of living area. The homes were built from 1996 to 1998. Each comparable has a basement with finished area, two fireplaces and a garage ranging in size from 714 to 889 square feet of building area. Two comparables have central air conditioning. The comparables have improvement assessments that range from \$241,040 to \$270,940 or from \$63.41 to \$70.28 per square foot of living area. The assessor also provided property record cards and a map displaying the locations of both parties' comparables in relation to the subject. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments, for the assessment year in question, of not less than three comparable properties showing the similarity, proximity, and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted six equity comparables for the Board's consideration that are relatively similar to the subject in location, age, dwelling size, design and some features. These comparables have improvement assessments that range from \$173,980 to \$270,940 or from \$45.80 to \$70.28 per square foot of living area. The Board finds the only comparable that lacks central air conditioning same as subject is assessor's comparable #2 which has an improvement assessment of \$264,470 or \$70.28 per square foot of living area. The subject's improvement assessment of \$247,990 or \$63.83 per square foot of living area falls within the range established by the comparables in this record and well supported by the only comparable that lacks central air conditioning like the subject. Therefore, after considering adjustments to the comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
