

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Sandra Bonino
DOCKET NO.: 20-08294.001-R-1
PARCEL NO.: 09-10-210-017

The parties of record before the Property Tax Appeal Board are Sandra Bonino, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Chicago; and the DuPage County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds ***no change*** in the assessment of the property as established by the **DuPage** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$68,100
IMPR.: \$388,100
TOTAL: \$456,200

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the DuPage County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 3-story dwelling of frame exterior construction with 3,916 square feet of living area.¹ The dwelling was constructed in 2003. Features of the home include a basement, that is 75% finished, central air conditioning, two fireplaces and an attached 506 square foot garage. The property has a 9,000 square foot site and is located in Clarendon Hills, Downers Grove Township, DuPage County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on three comparable properties that are located from .36 to .46 of a mile from the subject. The comparables are improved with 3-story dwellings of frame or frame and brick exterior construction ranging in

size from 3,660 to 4,520 square feet of living area. The dwellings were built in 2001 or 2006. The comparables have basements, one of which has finished area, central air conditioning, one or two fireplaces, and an attached garage ranging in size from 483 to 689 square feet of building area. Each garage has rooms over them. The comparables have improvement assessments ranging from \$344,590 to \$418,400 or from \$92.57 to \$94.23 per square foot of living area.

Based on this evidence the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal." The board of review reported a total assessment for the subject of \$456,200. The subject property has an improvement assessment of \$388,100 or \$99.11 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four comparable properties that are located from .14 to .34 of a mile from the subject. The comparables are improved with 2-story or 3-story dwellings of frame exterior construction ranging in size from 3,743 to 3,962 square feet of living area. The dwellings were built from 2003 to 2005. The comparables have basements, three of which have finished area, central air conditioning, one or two fireplaces, and an attached or detached garage ranging in size from 484 to 694 square feet of building area. One garage has rooms over it. The comparables have improvement assessments ranging from \$472,710 to \$533,100 or from \$98.87 to \$117.01 per square foot of living area.

Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of seven comparable properties for the Board's consideration. The Board gives less weight to the appellant's comparables, due to their significantly larger size or their lack of finished basement area when compared to the subject. The Board also gives less weight to the board of review's comparables #2 and #4, due to their dissimilar 2-story style or their lack of finished basement area when compared to the subject. The Board finds the board of review's remaining comparables have varying degrees of similarity to the subject. The best comparables have improvement assessments of \$380,270 and \$458,200 or \$101.59 and \$117.01 per square foot of living area. The subject's improvement assessment of \$388,100 or \$99.11 per square foot of living area falls between the improvement assessments of the best comparables in the record on a total improvement basis but below the improvement assessments on a per square foot basis. After considering adjustments to the best comparables for differences when

compared to the subject, the Board finds the subject's improvement assessment is well supported. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement is inequitably assessed and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
