

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Robert F. Taranowski
DOCKET NO.: 20-08392.001-R-1
PARCEL NO.: 05-15-128-051

The parties of record before the Property Tax Appeal Board are Robert F. Taranowski, the appellant, by Jessica Hill-Magiera, Attorney at Law in Lake Zurich; and the DuPage County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **DuPage** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$43,390
IMPR.: \$74,290
TOTAL: \$117,680

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the DuPage County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a split-level dwelling of frame exterior construction with 1,288 square feet of living area.¹ The dwelling was constructed in 1979. Features of the home include a basement with finished area, central air conditioning, a fireplace, and a garage containing 528 square feet of building area. The property has an 18,917 square foot site and is located in Glen Ellyn, Milton Township, DuPage County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on four comparable sales located within .74 of a mile of the subject and within the subject's assessment neighborhood. The comparables consist of split-level dwellings of frame or frame and masonry exterior construction ranging in size from 1,160

¹ Details not reported by the appellant were drawn from the subject's property record card submitted by the board of review.

to 1,492 square feet of living area.² The homes were built in 1975 or 1977. Each dwelling has central air conditioning, a basement with finished area, and a garage ranging in size from 420 to 462 square feet of building area. The parcels range in size from 6,634 to 6,828 square feet of land area. The comparables sold from June 2019 to November 2020 for prices ranging from \$259,000 to \$368,000 or from \$182.14 to \$271.55 per square foot of living area, including land. Based on this evidence, the appellant requested a reduced assessment of \$92,999, for an estimated market value of \$279,025 or \$216.63 per square foot of living area, including land, when applying the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$117,680. The subject's assessment reflects a market value of \$352,335 or \$273.55 per square foot of living area, land included, when using the 2020 three-year average median level of assessment for DuPage County of 33.40% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on four comparable sales located within .65 of a mile of the subject and within the subject's assessment neighborhood. The comparables consist of split-level dwellings of frame or frame and masonry exterior construction ranging in size from 1,256 to 1,420 square feet of living area. The dwellings were built from 1958 to 1976. Each dwelling has central air conditioning, a basement with finished area, and a garage ranging in size from 420 to 480 square feet of building area. Comparable #2 has a fireplace. The parcels range in size from 6,832 to 12,771 square feet of land area. The comparables sold from May 2018 to April 2020 for prices ranging from \$345,000 to \$420,000 or from \$274.68 to \$295.77 per square foot of living area, including land. The board of review reported that appellant comparable #4 sold in May 2020 for \$256,500. Based on this evidence, the board of review requested confirmation of the subject's assessment.

In rebuttal, the appellant argued that the board of review's comparables #1, #2, and #3 should be given less weight due to their older dwellings or remote sale dates.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of eight comparables to support their respective positions before the Property Tax Appeal Board, with one comparable having sold twice. The Board gives less weight to the board of review's comparables #1 through #3 due to their older dwellings compared to the subject and/or their remote sale dates for valuation as of January 1, 2020.

² Details not reported by the appellant were drawn from the property record cards submitted by the board of review.

The Board finds the best evidence of market value to be the appellant's comparable sales and board of review comparable sale #4, which are similar to the subject in age, dwelling size, location, and features. These most similar comparables sold from June 2019 to May 2020 for prices ranging from \$256,500 to \$420,000 or from \$171.92 to \$295.77 per square foot of living area, including land. The subject's assessment reflects a market value of \$352,335 or \$273.55 per square foot of living area, including land, which is within the range established by the best comparable sales in this record. Based on this evidence and after considering adjustments to the best comparables for differences when compared to the subject such as the subject's newer age and larger site of all comparables presented, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
