

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Michael & Anne Wood
DOCKET NO.: 20-08393.001-R-1
PARCEL NO.: 05-09-206-021

The parties of record before the Property Tax Appeal Board are Michael & Anne Wood, the appellants, by Jessica Hill-Magiera, Attorney at Law in Lake Zurich; and the DuPage County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds A Reduction in the assessment of the property as established by the **DuPage** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$29,560
IMPR.: \$196,530
TOTAL: \$226,090

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellants timely filed the appeal from a decision of the DuPage County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame exterior construction with 3,359 square feet of living area.¹ The dwelling was constructed in 2015. Features of the home include a basement with finished area, central air conditioning, a fireplace, and a garage containing 717 square feet of building area. The property has a 10,083 square foot site and is located in Wheaton, Milton Township, DuPage County.

The appellants contend overvaluation as the basis of the appeal. In support of this argument the appellants submitted information on five comparable sales located within .78 of a mile of the subject, two of which are located in the subject's assessment neighborhood. The comparables consist of two-story dwellings of frame exterior construction ranging in size from 3,104 to 3,463

square feet of living area.² The homes were built from 2002 to 2020. Each dwelling has central air conditioning, one or two fireplaces, a basement with finished area, and a garage ranging in size from 424 to 691 square feet of building area. The parcels range in size from 7,159 to 9,965 square feet of land area. The comparables sold from January 2019 to April 2020 for prices ranging from \$566,000 to \$758,000 or from \$174.37 to \$218.89 per square foot of living area, including land. Based on this evidence, the appellants requested a reduced assessment of \$226,087, for an estimated market value of \$678,329 or \$201.94 per square foot of living area, including land, when applying the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$268,690. The subject's assessment reflects a market value of \$804,461 or \$239.49 per square foot of living area, land included, when using the 2020 three-year average median level of assessment for DuPage County of 33.40% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on five comparable sales located within 1.24 miles of the subject, two of which are located in the subject's assessment neighborhood. The comparables consist of two-story dwellings of frame or frame and masonry exterior construction ranging in size from 2,483 to 3,445 square feet of living area. The dwellings were built from 2003 to 2018. Each dwelling has central air conditioning, a basement with two having finished area, and a garage ranging in size from 554 to 863 square feet of building area. Four comparables each have one or two fireplaces. The parcels range in size from 8,958 to 14,852 square feet of land area. The comparables sold from January 2017 to June 2019 for prices ranging from \$657,500 to \$930,000 or from \$237.14 to \$269.96 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

In rebuttal, the appellants argued that the board of review's comparables should be given less weight due to their remote sale dates, smaller dwellings, location, and/or lack of finished basement area when compared to the subject.

Conclusion of Law

The appellants contend the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellants met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted a total of ten comparable sales to support their respective positions before the Property Tax Appeal Board. The Board gives less weight to the appellants' comparables #1 and #2 due to differences in age compared to the subject. The Board gives reduced weight to board of review comparable #1 which appears to be an outlier due to its much higher sale price compared to other sales in the record. The Board also gives reduced weight to board of review

comparables #2 through #5 due to their less proximate sale dates for valuation as of January 1, 2020. Additionally, board of review comparables #2 and #3 differ from the subject in age and/or dwelling size.

The Board finds the best evidence of market value to be appellants' comparable sales # 3 through #5, which are similar to the subject in age, dwelling size, location, and features. These most similar comparables sold from January 2019 to April 2020 for prices ranging from \$665,000 to \$758,000 or from \$201.94 to \$218.89 per square foot of living area, including land. The subject's assessment reflects a market value of \$804,461 or \$239.49 per square foot of living area, including land, which is above the range established by the best comparable sales in this record. Based on this evidence and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
