

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Kirk Saltenberger  
DOCKET NO.: 20-08399.001-R-1  
PARCEL NO.: 03-22-213-023

The parties of record before the Property Tax Appeal Board are Kirk Saltenberger, the appellant, by Jessica Hill-Magiera, Attorney at Law in Lake Zurich; and the DuPage County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **DuPage** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$65,140  
**IMPR.:** \$95,490  
**TOTAL:** \$160,630

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the DuPage County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-story dwelling of frame and brick exterior construction with 3,418 square feet of living area. The dwelling was constructed in 1990. Features of the home include a basement with finished area, central air conditioning, a fireplace and a 600 square foot garage. The property has a 14,497 square foot site and is located in Addison, Addison Township, DuPage County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on four comparable sales located within .97 of a mile from the subject. These comparables are described as 2-story dwellings built from 1991 to 1997 and range in size from 3,220 to 3,723 square feet of living area. Each comparable has a basement, central air conditioning, a fireplace and a garage ranging in size from 471 to 729 square feet of building area. The comparables sold from May to October 2019 for prices ranging from

\$406,000 to \$525,000 or from \$123.29 to \$143.68 per square foot of living area, land included. Based on this evidence, the appellant requested a reduction in the subject's total assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$190,480. The subject's assessment reflects a market value of \$570,299 or \$166.85 per square foot of living area, land included, when using the 2020 three-year average median level of assessment for DuPage County of 33.40% as determined by the Illinois Department of Revenue.

In response to the appellant's evidence, the board of review submitted a comparable report of the appellant's comparable sales that was prepared by the township assessor. The report disclosed the comparables have brick or brick and frame exteriors and site sizes ranging in size from 7,030 to 27,571 square feet of land area. In addition, appellant's comparable #3 has finished basement area.

In support of its contention of the correct assessment the board of review submitted information through the township assessor on seven comparable sales with same assessment neighborhood code as the subject. Comparables #3, #5, and #6 are duplicate sales of appellant's comparables #4, #3, and #2, respectively. The comparables are described as 2-story dwellings of brick or brick and frame exterior construction built from 1988 to 2005 on sites ranging in size from 7,772 to 27,571 square feet of land area. The dwellings range in size from 3,043 to 3,904 square feet of living area. The comparables have basements, one of which has finished area. Each comparable has central air conditioning, one fireplace and a garage ranging in size from 471 to 805 square feet of building area. These comparables sold from June 2018 to September 2019 for prices ranging from \$354,500 to \$563,000 or from \$116.50 to \$147.44 per square foot of living area, land included. The board of review also provided a location map of both parties' comparable sales in relation to the subject property, property record cards and exterior photographs. Based on this evidence, the board of review requested confirmation of the subject's assessment.

In written rebuttal, counsel for the appellant contended that the board of review comparables #1, #2, and #4 are not comparable due to differences in dwelling size, age and/or sold in 2018 which is remote in time to the January 1, 2020 assessment date. In a rebuttal grid analysis, counsel suggested that the appellant's comparables #1 through #4 and county comparable #7 are the best comparable sales in the record and contended the subject's assessment should be reduced.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the parties submitted eight comparables sales to support their respective positions, three of which are common comparables. The Board gives less weight to board of

review comparables #1, #2 and #4 due to differences in age, and/or sold in 2018 which is less proximate in time to the January 1, 2020 assessment date than the other sales in the record.

The Board finds the best evidence of market value to be the parties' remaining comparables which includes the three common comparables. These five comparables sold proximate in time to the assessment date at issue and are relatively similar to the subject in location, age, dwelling size and some features. However, four comparables lack finished basement area, suggesting upward adjustments are necessary to make them more equivalent to the subject. Nevertheless, these comparables sold from May to September 2019 for prices ranging from \$395,000 to \$525,000 or from \$116.69 to \$143.68 per square foot of living area, including land. The subject's assessment reflects a market value of \$570,299 or \$166.85 per square foot of living area, including land, which is higher than the range established by the best comparables sales in this record both on overall market value and price per square foot. Therefore, after considering adjustments to the best comparables for differences when compared to the subject, the Board finds a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
