

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Fareed Khan  
DOCKET NO.: 20-08439.001-R-1  
PARCEL NO.: 07-19-207-009

The parties of record before the Property Tax Appeal Board are Fareed Khan, the appellant, by Jessica Hill-Magiera, Attorney at Law in Lake Zurich; and the DuPage County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **DuPage** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$38,460  
**IMPR.:** \$119,850  
**TOTAL:** \$158,310

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the DuPage County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of frame and brick exterior construction with 3,035 square feet of living area. The dwelling was constructed in 1997. Features of the home include an unfinished basement, central air conditioning, one fireplace and a 504 square foot garage. The property has an approximately 19,599 square foot site and is located in Aurora, Naperville Township, DuPage County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on six comparable sales located within 0.38 of a mile from the subject property. The comparables have sites that range in size from 10,360 to 15,042 square feet of land area<sup>1</sup> and are improved with two-story dwellings of frame and brick exterior construction that range in size from 2,813 to 3,151 square feet of living area. The dwellings

were built in 1996 or 1997. Each comparable has a basement, with one having finished area. Each dwelling has central air conditioning, one fireplace and a 2-car or a 3- car garage. The properties reportedly sold from July 2019 to November 2020 for prices ranging from \$390,000 to \$489,900 or from \$138.52 to \$155.47 per square foot of living area, land included. Based on this evidence, the appellant requested the subject's total assessment be reduced to \$148,060 which reflects a market value of \$444,224 or \$146.37 per square foot of living area, land included, when applying the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$158,310. The subject's assessment reflects a market value of \$473,982 or \$156.17 per square foot of living area, land included, when using the 2020 three-year average median level of assessment for DuPage County of 33.40% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on five comparable sales located in the same assessment neighborhood code as the subject property. Board of review comparable #2 is the same property as the appellant's comparable #3. Four of the comparables have sites that range in size from 9,750 to 17,072 square feet of land area and are improved with two-story dwellings of frame and brick exterior construction that range in size from 2,937 to 3,387 square feet of living area. The homes were built from 1995 to 1997. Each comparable has an unfinished basement, central air conditioning, one fireplace and a garage ranging in size from 417 to 690 square feet of building area. The properties sold from April 2018 to August 2020 for prices ranging from \$475,000 to \$498,500 or from \$147.18 to \$163.47 per square foot of living area, land included.

The board of review critiqued the appellant's comparable sales arguing its comparable #2 has fewer square feet of living area, warranting a lower sale price and that comparable #5 has a busy street location in contrast to the subject's cul-de-sac location. The board of review also contended it was unable to verify the reported sales of appellant's comparables #1 and #6. Based on this evidence, the board of review requested the subject's assessment be confirmed.

In rebuttal, the appellant's counsel critiqued the board of review comparables #4 and #5 were not comparable sales due to a remote sale date. Counsel submitted two rebuttal grids, one with both parties' comparables and one grid containing its suggested "best comparable sales for further clarity."

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains ten comparable sales for the Board's consideration, as one property was common to both parties. The Board gives less weight to appellant comparable sales #1 and #6

which the board of review reported could not be verified, which was not refuted by the appellant. The Board gives less weight to board of review comparables #4 and #5 which sold in 2018, less proximate to the January 1, 2020 than other properties in the record.

The Board finds the best evidence of market value to be appellant comparables #2, #3, #4 and #5 along with board of review comparables #1, #2 and #3, including the common property, which are more similar to the subject in location, age, design, dwelling size and other features. These comparables sold from May 2019 to August 2020 for prices ranging from \$390,000 to \$498,500 or from \$138.64 to \$160.80 per square foot of living area, including land. The subject's assessment reflects a market value of \$473,982 or \$156.17 per square foot of living area, including land, which falls within the range established by the best comparable sales in this record. After considering appropriate adjustments to the comparables for differences from the subject, the Board finds the subject's assessment is justified and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
