

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Nadeem Iftikhar
DOCKET NO.: 20-08460.001-R-1
PARCEL NO.: 07-10-208-010

The parties of record before the Property Tax Appeal Board are Nadeem Iftikhar, the appellant, by Jessica Hill-Magiera, Attorney at Law in Lake Zurich; and the DuPage County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **DuPage** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$39,740
IMPR.: \$100,380
TOTAL: \$140,120

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the DuPage County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame exterior construction with 2,150 square feet of living area. The dwelling was constructed in 1986. Features of the home include a basement with finished area, central air conditioning and a 399 square foot 2-car garage. The property has an approximately 10,599 square foot site and is located in Naperville, Naperville Township, DuPage County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on seven comparable sales located within 0.58 of a mile from the subject property. The comparables have sites that range in size from 9,000 to 14,372¹ square feet of land area and are improved with two-story dwellings of frame or brick and frame exterior

¹ The board of review submitted copies of the property record cards for the appellant's comparables which contained additional property details omitted from the appellant's submission.

construction that range in size from 2,046 to 2,215 square feet of living area. The dwellings were built from 1977 to 1985. Each comparable has a basement, with three having finished area. Each dwelling has central air conditioning and a 2-car garage ranging in size from 385 to 450 square feet of building area. The properties sold from January 2019 to April 2020 for prices ranging from \$325,000 to \$377,500 or from \$153.01 to \$184.51 per square foot of living area, land included. Based on this evidence, the appellant requested the subject's total assessment be reduced to \$120,793 which reflects a market value of \$362,415 or \$168.57 per square foot of living area, land included, when applying the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$140,120. The subject's assessment reflects a market value of \$419,521 or \$195.13 per square foot of living area, land included, when using the 2020 three-year average median level of assessment for DuPage County of 33.40% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on seven comparable sales located in the same assessment neighborhood code as the subject property. The comparables have sites that range in size from 9,788 to 13,201 square feet of land area and are improved with two-story dwellings of frame or brick and frame exterior construction that range in size from 2,184 to 2,279 square feet of living area. The homes were built from 1978 to 1985. Each comparable has a basement, with one having finished area. Each dwelling has central air conditioning and a 2-car garage ranging in size from 438 to 597 square feet of building area. The properties sold from May 2018 to October 2020 for prices ranging from \$410,000 to \$437,000 or from \$179.90 to \$200.09 per square foot of living area, land included. Based on this evidence, the board of review requested the subject's assessment be confirmed.

In rebuttal, the appellant's counsel critiqued the board of review's comparables contending its comparables #5 and #6 each reflect a "Remote 2018 sale" and therefore are not comparable. Counsel submitted a grid with both parties' comparables along with a grid containing its suggested "best comparable sales for further clarity." Counsel also expressed dissatisfaction with the Property Tax Appeal Board's decision-making process.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted 14 comparable sales for the Board's consideration. The Board gives less weight to board of review comparables #5 and #6 which sold in 2018, less proximate to the January 1, 2020 assessment date than other properties in the record.

The Board finds the best evidence of market value to be the appellant's comparables along with board of review comparables #1, #2, #3, #4 and #7 which sold proximate to the assessment date at issue and are similar to the subject in location, age, design, dwelling size and other features. These comparables sold from January 2019 to October 2020 for prices ranging from \$325,000 to \$437,000 or from \$153.01 to \$200.09 per square foot of living area, including land. The subject's assessment reflects a market value of \$419,521 or \$195.13 per square foot of living area, including land, which falls within the range established by the best comparable sales in this record. After considering appropriate adjustments to the comparables for differences from the subject, the Board finds the subject's assessment is justified and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
