

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: James & Laura Drogosz
DOCKET NO.: 20-08484.001-R-1
PARCEL NO.: 03-18-413-027

The parties of record before the Property Tax Appeal Board are James & Laura Drogosz, the appellants, by Jessica Hill-Magiera, Attorney at Law in Lake Zurich; and the DuPage County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds ***no change*** in the assessment of the property as established by the **DuPage** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$49,210
IMPR.: \$136,680
TOTAL: \$185,890

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellants timely filed the appeal from a decision of the DuPage County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a 2-story dwelling of brick construction with 3,588 square feet of living area. The dwelling was constructed in 1991. Features of the home include a basement, central air conditioning, one fireplace and a garage with 528 square feet of building area. The property is located in Addison, Addison Township, DuPage County.

The appellants contend overvaluation as the basis of the appeal. In support of this argument the appellants submitted information on six comparable sales located within .39 of a mile from the subject. These comparables are described as 2-story dwellings built from 1985 to 1989 and range in size from 3,240 to 3,909 square feet of living area. Each comparable has a basement, central air conditioning, one to five fireplaces and a garage ranging in size from 484 to 540 square feet of building area. The comparables sold from February 2019 to October 2020 for prices ranging from \$319,900 to \$499,900 or from \$98.25 to \$149.67 per square foot of living

area, land included. Based on this evidence, the appellants requested a reduction in the subject's total assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$185,890. The subject's assessment reflects a market value of \$556,557 or \$155.12 per square foot of living area, land included, when using the 2020 three-year average median level of assessment for DuPage County of 33.40% as determined by the Illinois Department of Revenue.

In response to the appellants' evidence, the board of review submitted a comparable report of the appellants' comparable sales that was prepared by the township assessor that disclosed comparables #5 and #6 have finished basements. In addition, the board of review's evidence disclosed appellants' comparable #4 sold for \$325,000 or \$99.82 per square foot of living area, including land which was not refuted by the appellant.

In support of its contention of the correct assessment the board of review submitted information through the township assessor on three comparable sales with same assessment neighborhood code as the subject. The comparables are described as 2-story dwellings of brick or brick and frame exterior construction built in 1989. The dwellings range in size from 3,334 to 3,766 square feet of living area. The comparables each have an unfinished basement, central air conditioning, one or two fireplaces and a garage ranging in size from 602 to 792 square feet of building area. These comparables sold from February 2018 to October 2019 for prices ranging from \$540,000 to \$710,000 or from \$155.85 to \$188.53 per square foot of living area, land included. The board of review also provided a location map of both parties' comparable sales in relation to the subject property, property record cards and exterior photographs. Based on this evidence, the board of review requested confirmation of the subject's assessment.

In written rebuttal, counsel for the appellants contended that the board of review comparables are not comparable due to their larger garage and/or they sold in 2018 which is remote in time to the January 1, 2020 assessment date. In a rebuttal grid analysis, counsel suggested that the appellants' comparables are the best comparable sales in the record and contended the subject's assessment should be reduced.

Conclusion of Law

The appellants contend the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellants did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the parties submitted nine comparables sales to support their respective positions. The Board gives less weight to appellant's comparables #5 and #6 which have finished basement area unlike the subject. The Board gives less weight to board of review comparables #1 and #3 as their 2018 sale dates are less proximate in time to the January 1, 2020 assessment date than the other sales in the record.

The Board finds the best evidence of market value to be appellants' comparables #1 through #4 and board of review comparable #2 which sold proximate in time to the assessment date at issue and are relatively similar to the subject in location, age, dwelling size and some features. These comparables sold from January 2019 to October 2020 for prices ranging from \$325,000 to \$540,000 or from \$99.82 to \$161.97 per square foot of living area, including land. The subject's assessment reflects a market value of \$556,557 or \$155.12 per square foot of living area, including land, which falls within the range established by the best comparables sales in this record on price per square foot but higher than the range on overall market value. The subject's higher overall value is logical when considering the subject's larger dwelling size than the best comparables in the record. Based on this evidence and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
