

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Max Delsoin
DOCKET NO.: 20-20178.001-R-1
PARCEL NO.: 11-30-424-025-0000

The parties of record before the Property Tax Appeal Board are Max Delsoin, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$8,837
IMPR.: \$10,053
TOTAL: \$18,890

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story townhome of masonry exterior construction with 1,565 square feet of living area. The dwelling is approximately 61 years old. Features of the home include an unfinished basement and central air conditioning. The property has a 2,525 square foot site and is located in Chicago, Rogers Park Township, Cook County. The subject is classified as a class 2-95 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables with the same neighborhood code as the subject. The comparables are improved with class 2-95 townhomes of masonry exterior construction with either 1,152 or 1,170 square feet of living area. The comparables are either 60 or 62 years old. Each comparable has a

basement with finished area. Each comparable has central air conditioning. One comparable has one fireplace. The comparables have improvement assessments ranging from \$3,799 to \$6,137 or from \$3.25 to \$5.33 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$6,448 or \$4.12 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$18,890. The subject property has an improvement assessment of \$10,053 or \$6.42 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables with the same neighborhood code as the subject property. The comparables are improved with 2-story or 3-story class 2-95 townhomes of masonry or frame and masonry exterior construction ranging in size from 1,320 to 1,870 square feet of living area. The comparables range in age from 16 to 54 years old. Two comparables each have a basement with one having finished area and two comparables each have a concrete slab foundation. Three comparables each have central air conditioning. One comparable has one fireplace. Two comparables each have a two-car garage. The comparables have improvement assessments ranging from \$11,654 to \$26,451 or from \$9.58 to \$14.14 per square foot of living area. Based on this evidence, the board of review requested the assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven suggested comparables for the Board's consideration. The Board gave less weight to the appellant's comparables which differ from the subject in dwelling size. The Board also gives less weight to board of review comparables #3 and #4 which each differ from the subject in age, have a garage which the subject lacks, lack a basement which is a feature of the subject, and have a dissimilar 3-story design when compared to the subject.

The Board finds the best evidence of assessment equity to be the board of review comparables #1 and #2 which are similar to the subject in location, design, age, and most features, but are smaller homes than the subject. The comparables have improvement assessments of \$11,654 and \$13,909 or of \$9.58 and \$10.54 per square foot of living area, respectively. The subject's improvement assessment of \$10,053 or \$6.42 per square foot of living area falls below the improvement assessments of the two best comparables in this record. Based on this record and after considering adjustments to the best two comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
