

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Susan Vogt
DOCKET NO.: 20-20179.001-R-1
PARCEL NO.: 15-11-207-043-0000

The parties of record before the Property Tax Appeal Board are Susan Vogt, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$30,660
IMPR.: \$99,189
TOTAL: \$129,849

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of masonry exterior construction with 5,036 square feet of living area. The dwelling is approximately 127 years old. Features of the home include a full unfinished basement and four fireplaces. The property has a 29,200 square foot site and is located in River Forest, River Forest Township, Cook County. The subject is classified as a class 2-09 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity concerning the improvement as the basis of the appeal. In support of this argument the appellant submitted information on three equity comparables with the same assessment neighborhood code as the subject. The comparables are class 2-09 properties improved with dwellings of masonry exterior construction ranging in size from 5,071 to 5,439 square feet of living area. The comparables are 19 to 69 years old and have

partial or full unfinished basements. Each comparable has central air conditioning, one fireplace and a 2-car garage. The comparables have improvement assessments ranging from \$87,173 to \$103,198 or from \$17.19 to \$18.97 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$129,849. The subject property has an improvement assessment of \$99,189 or \$19.70 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables with the same assessment neighborhood code as the subject. The comparables are class 2-09 properties improved with 2-story dwellings of masonry exterior construction ranging in size from 5,078 to 5,915 square feet of living area. The comparables are 95 to 99 years old and have partial or full basements, three of which are finished with a recreation room. Two comparables have central air conditioning. Each comparable has one to five fireplaces. Three comparables each have a 2-car or a 3-car garage. The comparables have improvement assessments ranging from \$122,124 to \$129,595 or from \$20.65 to \$24.07 per square foot of living area.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains seven equity comparables for the Board's consideration which have varying degrees of similarity to the subject in location, age, dwelling size, and features. The Board finds the appellant's comparables are more similar in dwelling size while the board of review comparables are more similar in age when compared to the subject. Nevertheless, these comparables have improvement assessments ranging from \$87,173 to \$129,595 or from \$17.19 to \$24.07 per square foot of living area. The subject's improvement assessment of \$99,189 or \$19.70 per square foot of living area falls within the range established by the comparables in this record. Based on this record and after considering adjustments to the comparables for differences when compared to the subject, the Board finds the appellant failed to prove by clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
