

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Mark Reed
DOCKET NO.: 20-20197.001-R-1
PARCEL NO.: 16-06-115-020-0000

The parties of record before the Property Tax Appeal Board are Mark Reed, the appellant, by attorney Robert Rosenfeld of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds ***a reduction*** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$10,997
IMPR.: \$28,528
TOTAL: \$39,525

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of masonry exterior construction with 1,954 square feet of living area. The dwelling is approximately 84 years old. Features of the home include a full unfinished basement, a fireplace and a 2-car garage.¹ The property has an 8,300 square foot site and is located in Oak Park, Oak Park Township, Cook County. The subject is classified as a class 2-05 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables that have the same assessment neighborhood code as the subject. The comparables

are class 2-05 properties improved with two-story² dwellings of masonry exterior construction ranging in size from 2,104 to 2,190 square feet of living area. The dwellings are 91 to 94 years old. The comparables each have a full basement, one of which has finished area. Each comparable has central air conditioning and a 2-car garage. Three comparables each have a fireplace. The comparables have improvement assessments that range from \$26,725 to \$32,072 or from \$12.70 to \$14.64 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$27,415 or \$14.03 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$40,733. The subject property has an improvement assessment of \$29,736 or \$15.22 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables that have the same assessment neighborhood code as the subject. The comparables are class 2-05 properties improved with two-story dwellings of masonry exterior construction ranging in size from 1,566 to 2,194 square feet of living area. The dwellings are 83 to 92 years old. The comparables each have a full basement, one of which has finished area. Two comparables have central air conditioning. Each comparable has one or two fireplaces and either a 1.5-car or a 2-car garage. The comparables have improvement assessments that range from \$25,964 to \$36,555 or from \$15.65 to \$18.11 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The record contains a total of eight suggested equity comparables for the Board's consideration. The Board has given less weight to the appellant's comparable #2, as well as the board of review comparables #1, #2 and #4 which differ from the subject in that have finished basement area or smaller dwelling sizes.

The Board finds the best evidence of assessment equity to be the appellant's comparables #1, #3 and #4, along with board of review comparable #3 which have unfinished basements like the subject and are similar to the subject in location, design and age. However, the Board finds all four comparables have somewhat larger dwelling sizes when compared to the subject and each dwelling has central air conditioning, unlike the subject, suggesting adjustments would be

required to make these comparables more equivalent to the subject. Nevertheless, these best comparables have improvement assessments ranging from \$26,725 to \$34,314 or from \$12.70 to \$15.65 per square foot of living area. The subject's improvement assessment of \$29,736 or \$15.22 per square foot of living area falls within the range established by the best comparables in the record. After considering the economies of scale and adjustments to the best comparables for differences in features when compared to the subject, the Board finds the subject's assessment is excessive. Therefore, based on this record the Board finds a reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
