

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Andrea Kemp  
DOCKET NO.: 20-20201.001-R-1  
PARCEL NO.: 16-06-119-002-0000

The parties of record before the Property Tax Appeal Board are Andrea Kemp, the appellant, by attorney Robert Rosenfeld of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$10,798  
**IMPR.:** \$46,441  
**TOTAL:** \$57,239

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of frame exterior construction with 2,684 square feet of living area. The dwelling is approximately 97 years old. Features of the home include a full unfinished basement, central air conditioning, a fireplace and a 2.5-car garage. The property has an 8,150 square foot site and is located in Oak Park, Oak Park Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables that have the same assessment neighborhood code as the subject. The comparables are class 2-06 properties improved with two-story<sup>1</sup> dwellings of frame or frame and masonry

exterior construction ranging in size from 2,708 to 3,239 square feet of living area. The dwellings are 78 to 98 years old. Each comparable has a full unfinished basement, central air conditioning, a fireplace and a 2-car garage. The comparables have improvement assessments that range from \$34,129 to \$52,837 or from \$11.68 to \$16.31 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$38,247 or \$14.25 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$57,239. The subject property has an improvement assessment of \$46,441 or \$17.30 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables that have the same assessment neighborhood code as the subject. The comparables are class 2-06 properties improved with two-story dwellings of frame, masonry or stucco exterior construction ranging in size from 2,312 to 2,424 square feet of living area. The dwellings are 95 to 98 years old. The comparables each have a full or partial basement, one of which has finished area. Each comparable has a fireplace and a 2-car garage. Comparable #2 has other improvements but the board of review did not provide a description of these improvements. The comparables have improvement assessments that range from \$41,741 to \$47,230 or from \$17.59 to \$20.43 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of eight suggested equity comparables for the Board's consideration. The Board has given less weight to appellant's comparables #3 and #4 due to their larger dwelling sizes, when compared to the subject. The Board has also given less weight to board of review comparable #4 which has finished basement area, unlike the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparables #1 and #2, along with the board of review comparables #1, #2 and #3, which are more similar to the subject in location, dwelling size, design, age and some features. However, the Board finds the three board of review comparables lack central air conditioning, a feature of the subject, suggesting upward adjustments would be required to make these comparables more equivalent to the subject. Nevertheless, the best comparables have improvement assessments that range from \$34,129 to \$47,230 or from \$11.68 to \$20.43 per square foot of living area. The subject's improvement assessment of \$46,441 or \$17.30 per square foot of living area falls within the range established by the best comparables in the record. Based on this record and after

considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
