

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: John Hiltcher  
DOCKET NO.: 20-20204.001-R-1  
PARCEL NO.: 16-08-313-015-0000

The parties of record before the Property Tax Appeal Board are John Hiltcher, the appellant, by attorney Robert Rosenfeld of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$8,170  
**IMPR.:** \$43,551  
**TOTAL:** \$51,721

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 1-story dwelling of masonry exterior construction with 2,090 square feet of living area. The dwelling is approximately 56 years old. Features of the home include a concrete slab foundation, central air conditioning, a fireplace and a 2-car garage. The property has an 8,600 square foot site and is located in Oak Park, Oak Park Township, Cook County. The subject is classified as a class 2-04 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables that have the same assessment neighborhood code as the subject. The comparables

are class 2-04 properties improved with 1-story or 1.5-story<sup>1</sup> dwellings of masonry exterior construction ranging in size from 1,949 to 2,929 square feet of living area. The dwellings are 98 to 112 years old. Each comparable has a full or partial unfinished basement, central air conditioning and either a 2-car or a 2.5-car garage. Three comparables each have a fireplace. The comparables have improvement assessments that range from \$35,249 to \$44,384 or from \$15.10 to \$18.53 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$36,429 or \$17.43 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$51,721. The subject property has an improvement assessment of \$43,551 or \$20.84 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables that have the same assessment neighborhood code as the subject and three comparables are located on the same block as the subject or approximately ¼ of a mile from the subject property. The comparables are class 2-04 properties improved with 1-story or 1.5-story dwellings of frame or masonry exterior construction ranging in size from 1,817 to 2,066 square feet of living area. The dwellings are 57 to 104 years old. Comparable #1 has a crawl space foundation and three comparables each have a full or partial basement, two of which have finished area. Two comparables have central air conditioning, three comparables each have a fireplace and each comparable has either a 2-car or a 2.5-car garage. The comparables have improvement assessments that range from \$36,461 to \$43,138 or from \$19.87 to \$21.24 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of eight comparable properties for the Board's consideration. The Board has given less weight to the appellant's comparables, as well as board of review comparables #3 and #4 due to their considerably older dwelling ages and/or larger dwelling size when compared to the subject. Additionally, the appellant's comparables #1, #2 and #4, along with board of review comparable #4 are dissimilar 1.5-story dwellings when compared to the subject dwelling's 1-story design.

---

<sup>1</sup> The photographic evidence submitted by the appellant depicts the dwellings of comparables #1, #2 and #4 with 1.5-story designs.

The Board finds the best evidence of assessment equity to be board of review comparables #1 and #2, which are overall most similar to the subject in location, design and age. However, the Board finds both comparables have varying degrees of similarity to the subject in dwelling size and features, suggesting adjustments would be required to make the comparables more equivalent to the subject. Nevertheless, these two comparables have improvement assessments of \$38,588 and \$43,138 or \$20.88 and \$21.24 per square foot of living area. The subject's improvement assessment of \$43,551 or \$20.84 per square foot of living area is somewhat higher than the two best comparables in the record in terms of total improvement assessment but less than the comparables on a per square foot basis. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the subject's assessment is supported. Therefore, based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
