

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Alex Czurylo
DOCKET NO.: 20-20207.001-R-1
PARCEL NO.: 16-07-114-001-0000

The parties of record before the Property Tax Appeal Board are Alex Czurylo, the appellant, by attorney Robert Rosenfeld of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$5,281
IMPR.: \$52,414
TOTAL: \$57,695

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1.5-story dwelling of frame and masonry exterior construction with 2,298 square feet of living area. The dwelling is approximately 94 years old. Features of the home include a full basement with finished area, a fireplace and a two-car garage.¹ The property has a 5,030 square foot site and is located in Oak Park, Oak Park Township, Cook County. The subject is classified as a class 2-04 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables that have the same assessment neighborhood code as the subject. The comparables

¹ The appellant indicated in Section III of the appeal petition that the subject dwelling has no central air conditioning, which is further supported by the evidence submitted by the board of review.

are class 2-04 properties improved with 1-story, 1.5-story or 2.5-story² dwellings of frame or masonry exterior construction ranging in size from 2,569 to 3,404 square feet of living area. The dwellings are 71 to 137 years old. The comparables each have a basement, one of which has finished area. Each comparable has central air conditioning and a one-car or a two-car garage. Three comparables each have one or two fireplaces. The comparables have improvement assessments that range from \$50,206 to \$71,280 or from \$18.64 to \$21.05 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$46,787 or \$20.36 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$57,695. The subject property has an improvement assessment of \$52,414 or \$22.81 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables that have the same assessment neighborhood code as the subject and one comparable is located approximately ¼ of a mile from the subject property. The comparables are class 2-04 properties improved with 1-story or 1.5-story dwellings of stucco, masonry or frame and masonry exterior construction ranging in size from 1,868 to 2,475 square feet of living area. The dwellings are 66 to 112 years old. The comparables each have a full or partial basement, one of which has finished area. Two comparables have central air conditioning. Each comparable has a fireplace and either a one-car or a two-car garage. The comparables have improvement assessments that range from \$47,802 to \$58,781 or from \$23.75 to \$27.09 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of eight comparable properties for the Board's consideration. The Board has given less weight to the appellant's comparables, as well as board of review comparable #4 due to their larger dwelling sizes and/or their dissimilar 1-story or 2.5-story designs, when compared to the subject's 1.5-story design.

The Board finds the best evidence of assessment equity to be board of review comparables #1, #2 and #3, which are overall more similar to the subject in location, dwelling size and design. However, the board finds these three comparables have varying degrees of similarity when

² The photographic evidence submitted by the appellant depicts the comparable dwellings with either a 1-story, a 1.5-story or a 2.5-story design.

compared to the subject in age and some features, suggesting adjustments would be required to make the comparables more equivalent to the subject. Nevertheless, these three comparables have improvement assessments ranging from \$52,838 to \$58,781 or from \$23.75 to \$27.09 per square foot of living area. The subject's improvement assessment of \$52,414 or \$22.81 per square foot of living area falls below the range established by the best comparables in the record both in terms of total improvement assessment and on a per square foot basis. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
