

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Afrodite Kladis  
DOCKET NO.: 20-20255.001-R-1  
PARCEL NO.: 23-14-112-009-0000

The parties of record before the Property Tax Appeal Board are Afrodite Kladis, the appellant; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$5,321  
**IMPR.:** \$19,131  
**TOTAL:** \$24,452

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of frame and masonry exterior construction with 2,491 square feet of living area. The dwelling is approximately 49 years old. Features of the home include a crawl space foundation, central air conditioning, a fireplace, and a two-car garage. The property has an 8,515 square foot site and is located in Palos Hills, Palos Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five equity comparables that are located within the same neighborhood code as the subject. Two comparables are also located within the same block as the subject. The comparables are improved with class 2-78 dwellings of frame and masonry exterior construction with 2,491 square feet of living area. The comparables range in age from 46 to 49 years old. Four

comparables have crawl space foundations, and one comparable has a full unfinished basement. Two comparables each have a fireplace. Each comparable has central air conditioning and a two-car garage. The comparables have improvement assessments ranging from \$14,945 to \$20,509 or from \$6.00 to \$8.23 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$18,737 or \$7.52 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$26,553. The subject property has an improvement assessment of \$21,232 or \$8.52 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on three equity comparables that are located within the same neighborhood code as the subject. Two comparables are also located within the same block as the subject. The comparables are improved with class 2-78, two-story dwellings of frame and masonry exterior construction with 2,032 or 2,241 square feet of living area. The comparables are each 49 years old and have partial basements, one of which has finished area. Two comparables each have a fireplace. Each comparable has central air conditioning and a two-car garage. The comparables have improvement assessments ranging from \$19,677 to \$21,646 or from \$9.53 to \$9.68 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted eight suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparable #4 and the board of review comparable due to their superior basements, which is not a feature of the subject property. The board of review comparables also have smaller dwelling sizes than the subject property.

The Board finds the best evidence of assessment equity to be the appellant's comparables #1 through #3 and #5. These comparables received greater weight by the Board because they are identical or almost identical to the subject in design, dwelling size, age, foundation, and most features. These four comparables have improvement assessments ranging from \$14,945 to \$20,509 or from \$6.00 and \$8.23 per square foot of living area. The subject's improvement assessment of \$21,232 or \$8.52 per square foot of living area falls above the range established by the best comparables in this record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
