

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Michael Casey
DOCKET NO.: 20-20329.001-R-1
PARCEL NO.: 15-25-308-061-0000

The parties of record before the Property Tax Appeal Board are Michael Casey, the appellant, by Amy C. Floyd, Attorney at Law in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$8,694
IMPR.: \$35,732
TOTAL: \$44,426

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of masonry exterior construction with 2,160 square feet of living area. The dwelling is approximately 92 years old. Features of the home include an unfinished basement, one fireplace and a 2-car garage.¹ The property has a 9,936 square foot site and is located in Riverside, Riverside Township, Cook County. The subject is classified as a class 2-05 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables that are located in the same assessment neighborhood code as the subject. The comparables consist of 2-story dwellings of frame or masonry exterior construction ranging in

¹ The appellant reported in Section III of the appeal petition that the subject property has a two-car garage, which was also reported by the board of review in its grid analysis.

size from 1,908 to 2,200 square feet of living area. The comparables range in age from 83 to 98 years old and have basements with two comparables having finished area. Three comparables each have central air conditioning, and one comparable has one fireplace. No garage data was provided by the appellant in the grid analysis with respect to the subject or the comparables. The comparables have improvement assessments ranging from \$25,063 to \$30,538 or from \$11.50 to \$14.06 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$29,354 or \$13.59 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$44,426. The subject property has an improvement assessment of \$35,732 or \$16.54 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located in the same assessment neighborhood code as the subject. The comparables consist of 2-story, class 2-05 dwellings of frame or masonry exterior construction ranging in size from 1,612 to 1,959 square feet of living area. The comparables are from 84 to 96 years old. Each comparable has a basement with two comparables having finished area, one fireplace and either a 1-car or a 2-car garage. Two comparables each have central air conditioning. The comparables have improvement assessments ranging from \$28,613 to \$34,853 or from \$16.92 to \$18.42 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of eight comparable properties for the Board's consideration. The Board has given less weight to the board of review comparables #1, #3 and #4 which are less similar to the subject in dwelling size than the other comparables in the record.

The Board finds the best evidence of assessment equity to be the parties' remaining comparables which are most similar to the subject in location, exterior construction, age, dwelling size, and foundation type. However, the Board finds these comparables have varying degrees of similarity to the subject in other features, such as the garages, if any, as the appellant's grid analysis did not include the garage information for the comparables. These five comparables have improvement assessments that range from \$26,829 to \$34,853 or from \$13.29 to \$18.42 per square foot of living area. The subject's improvement assessment of \$35,732 or \$16.54 per square foot of living area falls above the range established by the best comparables in the record on an overall basis but within the range on a per-square-foot basis, which is reasonable given the overall

adjustments to the comparables for differences from the subject. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
