

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Robert Johnson
DOCKET NO.: 20-20341.001-R-1
PARCEL NO.: 16-17-330-016-0000

The parties of record before the Property Tax Appeal Board are Robert Johnson, the appellant, by Amy C. Floyd, Attorney at Law in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$3,874
IMPR.: \$22,544
TOTAL: \$26,418

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of frame exterior construction with 1,248 square feet of living area. The dwelling is approximately 97 years old. Features of the home include a full unfinished basement and central air conditioning. The property has a 3,780 square foot site and is located in Oak Park, Oak Park Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables that have the same assessment neighborhood code as the subject and one comparable is located on the same street as the subject. The comparables are class 2-03 properties improved with 1.5 to 1.9 story dwellings of frame or frame and masonry exterior construction ranging in size from 1,073 to 1,416 square feet of living area. The dwellings are 99

to 104 years old. The comparables each have a full basement, two of which have finished area. Comparable #2 has central air conditioning and a fireplace. The comparables have improvement assessments that range from \$18,419 to \$22,424 or from \$15.67 to \$17.17 per square foot of living area.

Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$20,392 or \$16.34 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$26,418. The subject property has an improvement assessment of \$22,544 or \$18.06 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables that have the same assessment neighborhood code as the subject and are located approximately ¼ of a mile from the subject property. The comparables are class 2-03 properties improved with 1-story dwellings of frame exterior construction ranging in size from 984 to 1,104 square feet of living area. The dwellings are 96 to 107 years old. The comparables each have a full unfinished basement. Three comparables have central air conditioning and each comparable has either a 1-car, a 2-car or a 2.5-car garage. The comparables have improvement assessments that range from \$19,375 to \$22,128 or from \$19.41 to \$21.04 per square foot of living area.

Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of eight comparable properties for the Board's consideration. The Board has given less weight to the appellant's comparables due to their less similar 1.5 to 1.9 story dwelling designs, when compared to the subject's 1-story design.

The Board finds the best evidence of assessment equity to be the four comparables submitted by the board of review, which are most similar to the subject in style. However, the Board finds all four comparables are inferior to the subject in dwelling size and three of the four comparables are inferior to the subject in age, suggesting upward adjustments would be required to make the comparables more equivalent to the subject. Likewise, the Board finds all four comparables have a garage, unlike the subject, suggesting downward adjustments would be required for this feature. Nevertheless, the comparables have improvement assessments ranging from \$19,375 to \$22,128 or from \$19.41 to \$21.04 per square foot of living area. The subject's improvement

assessment of \$22,544 or \$18.06 per square foot of living area falls somewhat above the range established by the best comparables in the record in terms of total improvement assessment but below the comparables on a per square foot basis. Based on this record and after adjustments to the best comparables for differences in dwelling size, age and features when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
