

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Linda Scott
DOCKET NO.: 20-20346.001-R-1
PARCEL NO.: 16-08-114-004-0000

The parties of record before the Property Tax Appeal Board are Linda Scott, the appellant, by Amy C. Floyd, Attorney at Law in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$8,122
IMPR.: \$39,480
TOTAL: \$47,602

Subject only to the State multiplier as applicable .

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame exterior construction with 2,182 square feet of living area. The dwelling is approximately 117 years old. Features of the home include an unfinished basement, one fireplace, and a 2-car garage. The property has an 8,550 square foot site and is located in Oak Park, Oak Park Township, Cook County. The subject is classified as a class 2-05 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located in the same assessment neighborhood code as the subject property. The comparables are improved with 2-story, class 2-05 dwellings of frame, masonry, and stucco exterior construction ranging in size from 2,106 to 2,179 square feet of living area. The comparables range in age from 109 to 113 years old. Three comparables each have an

unfinished basement and one comparable has a concrete slab foundation. One comparable has central air conditioning and one fireplace. The appellant provided no information on the garages for these comparables. The comparables have improvement assessments ranging from \$32,163 to \$33,672 or from \$15.27 to \$15.71 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$33,559 or \$15.38 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$47,602. The subject property has an improvement assessment of \$39,480 or \$18.09 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located in the same assessment neighborhood code as the subject property. The comparables are improved with 2-story, class 2-05 dwellings of frame exterior construction ranging in size from 1,726 to 2,004 square feet of living area. The comparables range in age from 108 to 127 years old. Each comparable has a basement with one having finished area and a 2-car garage. Three comparables each have central air conditioning. Two comparables each have one fireplace. The comparables have improvement assessments ranging from \$31,620 to \$40,358 or from \$18.32 to \$20.14 per square foot of living area. Based on this evidence, the board of review requested the assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested comparables for the Board's consideration. The Board finds the best evidence of assessment equity to be board of review comparables #2 and #4 as they are overall more similar to the subject property in location, design, age, dwelling size, and most features. These comparables have improvement assessments of \$38,342 and \$38,305 or \$19.72 and \$19.91 per square foot of living area, respectively. The subject's improvement assessment of \$39,480 or \$18.09 per square foot of living area falls above the two best comparables in this record on an overall basis but below on a per square foot basis. The subject's assessment is logical considering its larger dwelling size and the accepted real estate principle of the economies of scale. The Board gave less weight to the appellant's comparables as the appellant failed to provide complete descriptive property characteristics for each comparable within the grid analysis, such as garages, which detracts from the weight of the evidence as well as board of review comparables #1 and #3 due to differences in dwelling size and basement finish, when compared to the subject. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
