

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Dolores Miklos
DOCKET NO.: 20-20356.001-R-1
PARCEL NO.: 23-02-113-023-0000

The parties of record before the Property Tax Appeal Board are Dolores Miklos, the appellant, by Amy C. Floyd, Attorney at Law in Chicago, and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$5,700
IMPR.: \$16,996
TOTAL: \$22,696

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of masonry construction with 1,850 square feet of living area. The dwelling is approximately 56 years old. Features of the home include a full basement with finished area, central air conditioning, one fireplace, two bathrooms, and an attached two-car garage. The property has a 9,121 square foot site located in Hickory Hills, Palos Township, Cook County. The subject is classified as a class 2-04 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables improved with one-story dwellings of frame, masonry, or frame and masonry exterior construction that range in size from 1,813 to 2,132 square feet of living area. The homes are either 64 or 65 years old. Two comparables have crawl space foundations and two comparables have a partial or full basement with one having finished area. Three comparables

have central air conditioning, each comparable has one fireplace, and the comparables have either 1½ or 2½ bathrooms. Copies of photographs of the comparables provided by the appellant depict two of the properties as having a garage. The comparables have the same classification code and neighborhood code as the subject property. Their improvement assessments range from \$11,170 to \$14,194 or from \$5.96 to \$7.03 per square foot of living area. The appellant requested the subject's improvement assessment be reduced to \$11,822.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$22,696. The subject property has an improvement assessment of \$16,996 or \$9.19 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables improved with one-story dwellings of masonry or frame and masonry exterior construction that range in size from 1,818 to 1,982 square feet of living area. The dwellings range in age from 49 to 63 years old. Each property has a partial or full unfinished basement, central air conditioning, 1½ to 2½ bathrooms, and a two-car garage. Two comparables have one or two fireplaces. These properties have the same classification code and neighborhood code as the subject property. Their improvement assessments range from \$18,482 to \$21,911 or from \$9.32 to \$11.91 per square foot of living area.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of assessment equity to be the board of review comparables as these properties are overall more similar to the subject property in dwelling size and features than are the comparables provide by the appellant. The board of review comparables have improvement assessments that range from \$18,482 to \$21,911 or from \$9.32 to \$11.91 per square foot of living area. The subject's improvement assessment of \$16,996 or \$9.19 per square foot of living area falls below the range established by the best comparables in this record demonstrating the subject property is not being inequitably assessed. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
