

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Giuseppe Russo
DOCKET NO.: 20-20395.001-R-1
PARCEL NO.: 23-10-401-055-0000

The parties of record before the Property Tax Appeal Board are Giuseppe Russo, the appellant, by attorney Noah J. Schmidt, of Schmidt Salzman & Moran, Ltd. in Chicago, and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$11,997
IMPR.: \$42,530
TOTAL: \$54,527

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of masonry exterior construction with 4,798 square feet of living area. The dwelling is approximately 32 years old. Features of the home include a full unfinished basement, central air conditioning, two fireplaces and a three-car garage. The subject also reportedly has "other improvements" which are not further identified on the record. The property has a 19,995 square foot site and is located in Palos Hills, Palos Township, Cook County. The subject is classified as a class 2-08 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity concerning the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five equity comparables along with characteristics sheets for the properties which provided basement data. Three of the comparables are located in the same neighborhood code as the subject. The

comparables consist of class 2-08 two-story dwellings of frame, masonry or frame and masonry exterior construction which range in age from 19 to 58 years old. The comparables range in size from 4,614 to 4,896 square feet of living area. Four comparable have full unfinished basements. Each comparable has central air conditioning, one or five fireplaces and a three-car garage. The comparables have improvement assessments ranging from \$31,924 to \$40,910 or from \$6.71 to \$8.43 per square foot of living area. Based on this evidence, the appellant requested a reduced improvement assessment of \$33,633 or \$7.01 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$54,527. The subject property has an improvement assessment of \$42,530 or \$8.86 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables, located in the same neighborhood code as the subject. The comparables consist of class 2-08 two-story dwellings of masonry exterior construction which range in age from 22 to 38 years old. The comparables range in size from 3,815 to 4,436 square feet of living area. Each comparable has a full basement, three of which have finished area. Features include central air conditioning, one or two fireplaces and either a 2.5-car or a 3-car garage. The comparables have improvement assessments ranging from \$38,612 to \$46,853 or from \$9.46 to \$10.61 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of nine equity comparables to support their respective positions before the Property Tax Appeal Board. The Board has given reduced weight to appellant's comparable #3 due to its differing foundation type when compared to the subject's full unfinished basement. The Board has given reduced weight to board of review comparables #2 and #4 which are each significantly smaller than the subject dwelling.

The Board finds the remaining comparables to be the best evidence of assessment equity as the properties present varying degrees of similarity to the subject. These properties consist of the appellant's comparables #1, #2, #4 and #5 along with the board of review comparables #1 and #3. These comparables have improvement assessments ranging from \$31,924 to \$46,853 or from \$6.71 to \$10.56 per square foot of living area. The subject's improvement assessment of \$42,530 or \$8.86 per square foot of living area falls within the range established by the best comparables in this record. Based on this record and after considering appropriate adjustments to the best comparables for differences from the subject dwelling in finished basement, dwelling

size and number of fireplaces, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
