

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: John Tharp
DOCKET NO.: 20-20414.001-R-1
PARCEL NO.: 16-07-203-016-0000

The parties of record before the Property Tax Appeal Board are John Tharp, the appellant, by attorney Noah J. Schmidt, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$9,030
IMPR.: \$70,398
TOTAL: \$79,428

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of stucco exterior construction with 3,305 square feet of living area. The dwelling is approximately 110 years old. Features of the home include a basement with finished area, central air conditioning, one fireplace, and a 1.5-car garage. The property has an 8,600 square foot site and is located in Oak Park, Oak Park Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the subject's improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five equity comparables located in the subject's neighborhood code,¹ along with property characteristic printouts for the comparables and are improved with 2-story, class 2-06 dwellings

¹ For ease of reference, the Board has identified the last comparable as #5.

of frame, stucco, or frame and masonry exterior construction ranging in size from 3,053 to 3,951 square feet of living area. The homes range from 68 to 132 years old. Based on the property printouts, each comparable has a basement, one of which has finished area. Two comparables each have central air conditioning, three comparables each have one fireplace, and three comparables have either a 2-car or a 2.5-car garage. The comparables have improvement assessments ranging from \$54,944 to \$69,949 or from \$17.70 to \$18.07 per square foot of living area. Based on this evidence the appellant requested that the subject's improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$79,428. The subject property has an improvement assessment of \$70,398 or \$21.30 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located in the subject's neighborhood code and are improved with 2-story, class 2-06 dwellings of stucco exterior construction ranging in size from 2,620 to 3,052 square feet of living area. The homes range from 104 to 112 years old. Each comparable has a basement, one of which has finished area, either one or two fireplaces, and either a 1-car or a 2-car garage. Three comparables each have central air conditioning. The comparables have improvement assessments ranging from \$57,902 to \$65,374 or from \$21.21 to \$22.10 per square foot of living area. Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine suggested equity comparables for the Board's consideration. The Board finds the best evidence of assessment equity to be the appellant's comparable #5 as well as board of review comparables #1, #2, and #3 which are relatively similar in location, design, age, dwelling size, and garage amenity with varying degrees of similarity in other features. These comparables would still require various adjustments for differences from the subject including, but not limited to, basement finish, central air conditioning, and fireplace count. The four best comparables have improvement assessments ranging from \$58,814 to \$65,374 or from \$18.07 to \$21.45 per square foot of living area. The subject's improvement assessment of \$70,398 or \$21.30 per square foot of living area falls above the range established by the best comparables in this record on an overall basis but within the range on a per square basis. The Board gives less weight to the parties' remaining comparables due to differences in age, dwelling size, and/or garage amenity when compared to the subject. However, based on this record and after considering adjustments to the comparables for differences from the subject, including dwelling size, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
