

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: John Poirier  
DOCKET NO.: 20-20420.001-R-1  
PARCEL NO.: 16-07-211-007-0000

The parties of record before the Property Tax Appeal Board are John Poirier, the appellant, by attorney Noah J. Schmidt, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$9,675  
**IMPR.:** \$59,978  
**TOTAL:** \$69,653

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-story dwelling of stucco exterior construction with 3,279 square feet of living area. The dwelling is approximately 111 years old. Features of the dwelling include a basement with finished area, central air conditioning, and one fireplace. The property has an 8,600 square foot site and is located in Oak Park, Oak Park Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant, through counsel, marked contention of law and lack of assessment equity concerning the improvement as the bases of the appeal. However, the counsel's brief is the same as the inequity argument, uniformity of assessment.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of the inequity argument, the appellant submitted information on two grid analyses for five equity comparables located in the same neighborhood code as the subject property. For clarity in the record, the single comparable on the second grid was renumbered #5. The comparables are improved 2-story, class 2-06 dwellings of frame or stucco exterior construction ranging in size from 3,114 to 3,540 square feet of living area. The dwellings range in age from 102 to 134 years old. The comparables each have a basement, with three having finished area. Three comparables each have central air conditioning. Three comparables each have one fireplace. Each comparable has an attic, with three having living area. Three comparables each have a 2-car garage. The comparables have improvement assessments ranging from \$46,758 to \$54,969 or from \$14.88 to \$15.78 per square foot of living area. Based on this evidence, the appellant requested that the subject's total improvement assessment be reduced to \$50,201 or \$15.31 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$69,653. The subject property has an improvement assessment of \$59,978 or \$18.29 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located in the same neighborhood code as the subject property. The comparables are improved with 2-story, class 2-06 dwellings of masonry, stucco, or frame and masonry exterior construction ranging in size from 2,988 to 3,784 square feet of living area. The comparables range in age from 105 to 117 years old. Each comparable has an unfinished basement, one fireplace, and from a 1.5-car to a 3-car garage. Two comparables each have central air conditioning. The comparables have improvement assessments ranging from \$54,860 to \$71,566 or from \$18.26 to \$21.38 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine suggested comparables for the Board's consideration. The Board finds the best evidence of assessment equity to be the appellant's comparables as well as board of review comparables #1, #3, and #4 which are overall more similar to the subject in location design, age, and dwelling size with varying degrees of similarity in other features. The comparables have improvement assessments ranging from \$46,758 to \$66,473 or from \$14.88 to \$21.38 per square foot of living area. The subject's improvement assessment of \$59,978 or \$18.29 per square foot of living area falls within the range established by the best comparables in this record. The Board gives less weight to board of review comparable #2 which is less similar

in dwelling size to the subject than other comparables in this record. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
