

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Sean Gibbons
DOCKET NO.: 20-20425.001-R-1
PARCEL NO.: 23-25-206-011-0000

The parties of record before the Property Tax Appeal Board are Sean Gibbons, the appellant, by attorney Ciarra Schmidt, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$8,514
IMPR.: \$37,393
TOTAL: \$45,907

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a 2-story dwelling of frame exterior construction with 3,719 square feet of living area. The dwelling is approximately 15 years old. Features of the dwelling include an unfinished basement, central air conditioning, one fireplace, and a 3-car garage. The property has a 15,480 square foot site and is located in Palos Heights, Palos Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant, through counsel, marked contention of law and lack of assessment equity concerning the improvement as the bases of the appeal. However, the counsel's brief is the same as the inequity argument, uniformity of assessment. In support of the inequity argument, the appellant submitted information on two grid analyses for five equity comparables located in the same neighborhood code as the subject property. For clarity in the record, the single comparable

on the second grid was renumbered #5. The comparables are improved with 2-story dwellings of masonry or frame and masonry exterior construction ranging in size from 3,366 to 3,731 square feet of living area. The homes range in age from 13 to 45 years old. Each comparable has a basement with three having finished area, central air conditioning, one fireplace, and from a 2-car to a 3-car garage. One comparable has an unfinished full attic. The comparables have improvement assessments that range from \$25,945 to \$28,978 or from \$7.28 to \$8.04 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$28,673 or \$7.71 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$45,907. The subject property has an improvement assessment of \$37,393 or \$10.05 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located in the same neighborhood code as the subject property. The comparables are improved with 2-story, class 2-08 or class 2-78 dwellings of frame, masonry, or frame and masonry exterior construction ranging in size from 2,933 to 4,448 square feet of living area. The homes are either 13 or 16 years old. Each comparable has an unfinished basement, central air conditioning, one or two fireplaces, and a 3-car garage. The comparables have improvement assessments that range from \$31,002 to \$48,396 or from \$10.57 to \$12.44 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine suggested equity comparables to the Board for consideration. The Board finds the best evidence of assessment equity to be the appellant's comparable #3 as well as the board of review comparables #1 and #3 which are overall more similar to the subject in location, design, age, dwelling size, and features. These comparables have improvement assessments ranging from \$25,945 to \$48,396 or from \$7.71 to \$12.44 per square foot of living area. The subject's improvement assessment of \$37,393 or \$10.05 per square foot of living area falls within the range established by the best comparables in this record. The Board gives less weight to the appellant's comparables #1, #2, #4, and #5 as well as board of review comparables #2 and #4 due to differences in dwelling size, age, and/or basement finish when compared to the subject. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's improvement assessment based on inequity is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
