

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: James Ziegler
DOCKET NO.: 20-20429.001-R-1
PARCEL NO.: 16-06-209-019-0000

The parties of record before the Property Tax Appeal Board are James Ziegler, the appellant, by attorney Noah J. Schmidt, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$8,215
IMPR.: \$45,035
TOTAL: \$53,250

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame and masonry exterior construction with 2,569 square feet of living area. The dwelling is approximately 85 years old. Features of the dwelling include an unfinished basement, one fireplace, and a 2.5-car garage. The property has a 6,200 square foot site and is located in Oak Park, Oak Park Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant, through counsel, marked contention of law and lack of assessment equity concerning the improvement as the bases of the appeal. However, the counsel's brief is the same as the inequity argument, uniformity of assessment.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of the inequity argument, the appellant submitted information on two grid analyses for five equity comparables located in the same neighborhood code as the subject property. For clarity in the record, the single comparable on the second grid was renumbered #5. The comparables are improved 2-story, class 2-06 dwellings of masonry or frame and masonry exterior construction ranging in size from 2,317 to 2,762 square feet of living area. The dwellings range in age from 83 to 95 years old. The comparables each have a basement, with one having finished area. One comparable has central air conditioning. Three comparables each have one or two fireplaces. Two comparables each have an attic with living area. Each comparable has a 1.5-car or a 2-car garage. The comparables have improvement assessments ranging from \$32,527 to \$40,252 or from \$12.60 to \$14.57 per square foot of living area. Based on this evidence, the appellant requested that the subject's total improvement assessment be reduced to \$36,813 or \$14.33 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$53,250. The subject property has an improvement assessment of \$45,035 or \$17.53 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located in the same neighborhood code as the subject property. The comparables are improved with 2-story, class 2-06 dwellings of frame and masonry exterior construction ranging in size from 1,940 to 2,426 square feet of living area. The comparables range in age from 71 to 92 years old. The comparables each have a basement, with two having finished area. Each comparable has one or two fireplaces and a 2-car garage. One comparable has central air conditioning. The comparables have improvement assessments ranging from \$38,254 to \$50,204 or from \$18.94 to \$22.00 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine suggested comparables for the Board's consideration. The Board finds the best evidence of assessment equity to be the appellant's comparables #1, #2, #3, and #5 as well as board of review comparables #3 and #4 which are similar to the subject in location, design, age, and dwelling size with varying degrees of similarity in other features. The comparables have improvement assessments ranging from \$32,527 to \$45,948 or from \$12.60 to \$18.94 per square foot of living area. The subject's improvement assessment of \$45,035 or \$17.53 per square foot of living area falls within the range established by the best comparables in this record. The Board gives less weight to the appellant's comparable #4 as well as board of

review comparables #1 and #2 which differ from the subject in age, dwelling size, and/or basement finish. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
