

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Carolynn McNally
DOCKET NO.: 20-20443.001-R-1
PARCEL NO.: 15-35-418-032-0000

The parties of record before the Property Tax Appeal Board are Carolynn McNally, the appellant, by attorney Noah J. Schmidt, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$5,600
IMPR.: \$35,204
TOTAL: \$40,804

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame exterior construction with 2,746 square feet of living area. The dwelling is approximately 116 years old. Features of the home include a basement with finished area, one fireplace, and a 3-car garage. The property has a 5,895 square foot site and is located in Riverside, Riverside Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the subject's improvement as the basis of the appeal. In support of this argument the appellant submitted information on five comparable properties with the same neighborhood code as the subject. For clarity in the record, the single comparable on the second grid was renumbered #5. The comparables are class 2-06 dwellings of masonry or frame and masonry exterior construction ranging in size from 2,493 to

2,805 square feet of living area. The homes range in age from 67 to 102 years old. Four comparables each have a basement, one of which has finished area, and one comparable is reported to lack a basement foundation. Two comparables each have central air conditioning, three comparables have either one or three fireplaces, and four comparables have either a 2-car or a 2.5-car garage. The comparables have improvement assessments ranging from \$23,629 to \$27,321 or from \$8.53 to \$10.16 per square foot of living area. Based on this evidence the appellant requested that the subject's improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$40,804. The subject property has an improvement assessment of \$35,204 or \$12.82 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four comparable properties with the same neighborhood code as the subject. The comparables are 2-story, class 2-06 dwellings of frame or stucco exterior construction ranging in size from 2,678 to 2,878 square feet of living area. The homes are either 107 or 122 years old. Each comparable has a basement, one of which has finished area, from one or three fireplaces, and from a 1.5-car or a 2.5-car garage. Two comparables each have central air conditioning. The comparables have improvement assessments ranging from \$35,359 to \$40,299 or from \$12.84 to \$14.92 per square foot of living area. Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends improvement assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of nine comparable properties for the Board's consideration. The Board gives most weight to the board of review comparables which are similar to the subject in location, design, age, and dwelling size with varying degrees of similarity in other features. These comparables have improvement assessments ranging from \$35,359 to \$40,299 or from \$12.84 to \$14.92 per square foot of living area. The subject's improvement assessment of \$35,204 or \$12.82 per square foot of living area falls below the range established by the best comparables in the record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the subject's improvement assessment is supported. The Board gives less weight to the appellant's comparables due to differences in age, foundation type, or garage amenity when compared to the subject. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement is inequitably assessed and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
