

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Kathy Cudnowski
DOCKET NO.: 20-20480.001-R-1
PARCEL NO.: 12-01-303-028-0000

The parties of record before the Property Tax Appeal Board are Kathy Cudnowski, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$6,956
IMPR.: \$43,224
TOTAL: \$50,180

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame and masonry exterior construction with 2,072 square feet of living area. The dwelling is approximately 22 years old. Features of the home include an unfinished basement, central air conditioning, one fireplace and a 2-car garage. The property has a 6,625 square foot site and is located in Park Ridge, Norwood Park Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four comparables located in the subject's assessment neighborhood code. The comparables consist of class 2-78 dwellings of frame and masonry exterior construction ranging in size from 2,800 to 3,303 square feet of living area. The comparables are from 34 to 50 years old. Each comparable has an unfinished basement, central air conditioning, one fireplace and a 2-car garage. The comparables have improvement assessments ranging from \$46,660 to \$55,911 or from \$15.77 to \$16.93 per

square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$33,856 or \$16.34 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$50,180. The subject property has an improvement assessment of \$43,224 or \$20.86 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four comparables located in the subject's assessment neighborhood code. The comparables consist of class 2-78, 2-story dwellings of frame, masonry or frame and masonry exterior construction ranging in size from 2,135 to 3,004 square feet of living area. The comparables are either 7 or 19 years old. Each comparable has an unfinished basement, central air conditioning, one fireplace and a 2-car garage. The comparables have improvement assessments ranging from \$43,323 to \$64,142 or from \$19.63 to \$21.71 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested comparables for the Board's consideration. The Board gives the most weight to the board of review comparables #1 and #2. These comparables are relatively similar to the subject in location, age, dwelling size and other features. These two comparables have improvement assessments of \$43,323 and \$46,357 or \$19.63 and \$21.71 per square foot of living area. The subject's improvement assessment of \$43,224 or \$20.86 per square foot of living area falls below the range established by the best comparables in the record on an overall basis and within the range on per-square-foot basis. The Board gives less weight to the parties' remaining comparables which are less similar to the subject in age and/or dwelling size than the other comparables in the record. After considering the economies of scale and appropriate adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not prove by clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
