

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Daniel Arroyo
DOCKET NO.: 20-20487.001-R-1
PARCEL NO.: 02-16-204-061-0000

The parties of record before the Property Tax Appeal Board are Daniel Arroyo, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$6,140
IMPR.: \$21,648
TOTAL: \$27,788

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a 2-story townhouse of frame and masonry exterior construction with 2,200 square feet of living area. The dwelling is approximately 19 years old. Features of the home include a basement with finished area, central air conditioning, one fireplace, and a 2-car garage. The property has a 2,729 square foot site located in Palatine, Palatine Township, Cook County. The subject is classified as a class 2-95 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends inequity with respect to the improvement assessment as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables that are located in the same assessment neighborhood code as the subject property. The properties are improved with class 2-95 townhomes of frame and masonry exterior construction with each having 2,200 square feet of living area. The dwellings are each 19 years

old. Each comparable has a basement with finished area, central air conditioning, one fireplace, and a 2-car garage. Their improvement assessments range from \$21,496 to \$22,052 or from \$9.77 to \$10.02 per square foot of living area. The appellant requested the subject's improvement assessment be reduced to \$21,648 or \$9.84 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$28,906. The subject property has an improvement assessment of \$22,766 or \$10.35 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables that are located in the same assessment neighborhood code as the subject property, three of which were also located on the same block as the subject. The properties are improved with 2-story, class 2-95 townhouses of frame and masonry exterior construction with each having 2,125 square feet of living area. The dwellings are each 19 years old. Each comparable has a basement, three of which have finished area, central air conditioning, one fireplace, and a 2-car garage. Their improvement assessments range from \$23,798 to \$23,984 or from \$11.20 to \$11.29 per square foot of living area. The board of review contends these assessments support the correctness of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted eight suggested equity comparables for the Board's consideration. The Board finds the best evidence of assessment equity to be the appellant's comparables which are identical to the subject in age, dwelling size, and features. These comparables have improvement assessments that range from \$21,496 to \$22,052 or from \$9.77 to \$10.02 per square foot of living area. The subject's improvement assessment of \$22,766 or \$10.35 per square foot of living area falls above the range established by the most similar comparables in this record and is excessive. The Board gives reduced weight to the board of review comparables which are less similar in dwelling size to the subject than the appellant's comparables. Based on this record and after considering adjustments to the best comparables when compared to the subject, the Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's improvement assessment based on inequity, commensurate with the appellant's request, is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
