

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Robert Stone  
DOCKET NO.: 20-20510.001-R-1  
PARCEL NO.: 02-30-103-033-0000

The parties of record before the Property Tax Appeal Board are Robert Stone, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$6,457  
**IMPR.:** \$34,737  
**TOTAL:** \$41,194

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property is improved with a 2-story dwelling of frame and masonry exterior construction with 3,274 square feet of living area. The dwelling is approximately 39 years old. Features of the home include an unfinished basement, one fireplace, and a 2-car garage. The property has a 10,332 square foot site and is located in Hoffman Estates, Palatine Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables that are located in the same neighborhood code as the subject. The comparables are improved with class 2-78 dwellings of frame or frame and masonry exterior construction ranging in size from 2,296 to 3,323 square feet of living area. The homes range in age from 33 to 40

years old. Each comparable has an unfinished basement, central air conditioning, one fireplace, and a 2-car garage. The comparables have improvement assessments that range from \$22,067 to \$34,378 or from \$9.61 to \$10.61 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$43,581. The subject property has an improvement assessment of \$37,124 or \$11.34 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located in the same neighborhood code as the subject. The comparables are improved with 2-story, class 2-78 dwellings of frame, masonry, or frame and masonry exterior construction ranging in size from 2,444 to 2,862 square feet of living area. The homes range in age from 35 to 40 years old. Each comparable has a basement, one of which has finished area, central air conditioning, and one fireplace. Three comparables have either a 2-car or a 2.5-car garage. The comparables have improvement assessments that range from \$30,233 to \$43,118 or from \$12.34 to \$15.67 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted eight suggested equity comparables to the Board for consideration. The Board finds the best evidence of the assessment equity to be the appellant's comparables #2, #3, and #4 which are more similar to the subject in location, design, age, dwelling size, and most features. The comparables have improvement assessments ranging from \$31,137 to \$34,378 or from \$9.77 to \$10.61 per square foot of living area. The subject's improvement assessment of \$37,124 or \$11.34 per square foot of living area falls above the range established by the best comparables in this record and is excessive. The Board gives less weight to the appellant's comparable #1 and the board of review comparables which differ in dwelling size when compared to the subject. Therefore, based on this record and after considering adjustments to the best comparables when compared to the subject, the Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's improvement assessment based on inequity is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
