

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Michelle Vermont
DOCKET NO.: 20-20518.001-R-1
PARCEL NO.: 02-15-100-019-0000

The parties of record before the Property Tax Appeal Board are Michelle Vermont, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$3,150
IMPR.: \$18,244
TOTAL: \$21,394

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of frame exterior construction with 1,770 square feet of living area. The dwelling is approximately 31 years old. Features of the home include a basement with finished area, central air conditioning, one fireplace and a 2-car garage. The property has a 9,000 square foot site located in Palatine, Palatine Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables that are located in the same neighborhood code as the subject. The comparables are improved with class 2-03 dwellings of frame exterior construction ranging in size from 1,641 to 1,774 square feet of living area and in age from 55 to 115 years old. Each comparable has an

unfinished basement, central air conditioning, one fireplace and either a 1-car or a 2-car garage. The comparables have improvement assessments ranging from \$14,597 to \$15,944 or from \$8.26 to \$9.38 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$15,877 or \$8.97 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$21,394. The subject property has an improvement assessment of \$18,244 or \$10.31 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located in the same neighborhood code as the subject. The comparables are improved with one-story class 2-03 dwellings of frame or frame and masonry exterior construction ranging in size from 1,025 to 1,343 square feet of living area and in age from 42 to 58 years old. Three comparables each have an unfinished basement, and one comparable has a crawl space foundation. Two comparables each have central air conditioning, one comparable has one fireplace, and each comparable has either a 1-car, a 1.5-car or a 2-car garage. The comparables have improvement assessments ranging from \$16,589 to \$18,610 or from \$13.03 to \$16.70 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested comparables for the Board's consideration, all of which are inferior to the subject due to varying differences from the subject in older ages, smaller dwelling sizes and/or lack of a basement finish. Nevertheless, the Board give less weight to the appellant's comparable #1 and board of review comparables which are less similar to the subject in age, dwelling size and/or foundation type than the other comparables in the record.

The Board finds the best evidence of assessment equity to be the appellant's comparables #2, #3 and #4 which are more similar to the subject dwelling size, location, foundation type and some features. However, each comparable is older than the subject dwelling and also has an unfinished basement, unlike the subject that has a considerably newer dwelling with finished basement area. These three comparables have improvement assessments ranging from \$14,597 to \$15,944 or from \$8.26 to \$9.38 per square foot of living area. The subject's improvement assessment of \$18,244 or \$10.31 per square foot of living area falls above the range established by the best comparables in this record which is logical given the superior features of the subject described above. After considering the appropriate adjustments to three best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and

convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's improvement assessment based on inequity is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
