

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Eileen Kohne  
DOCKET NO.: 20-20551.001-R-1  
PARCEL NO.: 02-07-402-012-0000

The parties of record before the Property Tax Appeal Board are Eileen Kohne, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$12,676  
**IMPR.:** \$51,790  
**TOTAL:** \$64,466

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 1-story dwelling of frame exterior construction with 3,962 square feet of living area. The dwelling is approximately 36 years old. Features of the home include an unfinished basement, central air conditioning, one fireplace, and a 3-car garage. The property has a 63,380 square foot site and is located in Inverness, Palatine Township, Cook County. The subject is classified as a class 2-04 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables that are located in the same neighborhood code as the subject property. The comparables are improved with class 2-04 dwellings of frame exterior construction ranging in size from 2,125 to 4,448 square feet of living area. The comparables range in age from 34 to 111

years old. Each comparable has an unfinished basement, central air conditioning, either one or two fireplaces, and either a 3-car or a 3.5-car garage. The comparables have improvement assessments that range from \$25,620 to \$56,531 or from \$12.06 to \$12.92 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$64,466. The subject property has an improvement assessment of \$51,790 or \$13.07 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located in the same neighborhood code as the subject property. The comparables are improved with 1-story or 1.5-story, class 2-04 dwellings of masonry or frame and masonry exterior construction ranging in size from 2,048 to 3,193 square feet of living area. The homes range in age from 35 to 40 years old. Each comparable has a basement, one of which has finished area, central air conditioning, either one or two fireplaces, and either a 2.5-car or a 3-car garage. The comparables have improvement assessments that range from \$34,714 to \$51,557 or from \$13.13 to \$17.16 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested equity comparables for the Board's consideration. The Board finds the best evidence of assessment equity to be the appellant's comparables #2 and #3 which are overall most similar to the subject in location, design, age, dwelling size, and other features. These comparables have improvement assessments of \$54,068 and \$56,531 or \$12.44 and \$12.71 per square foot of living area. The subject's improvement assessment of \$51,790 or \$13.07 per square foot of living area falls below the range established by the two best comparables in this record on an overall basis but above the range on a per square foot basis which is logical considering the subject's smaller dwelling size and the accepted real-estate principle of the economies of scale. The Board gives less weight to the parties' remaining comparables due to differences in dwelling size and/or age when compared to the subject. Based on this record and after considering adjustments to the two best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
