

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Vinay Kansal
DOCKET NO.: 20-20571.001-R-1
PARCEL NO.: 02-18-317-021-0000

The parties of record before the Property Tax Appeal Board are Vinay Kansal, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$6,433
IMPR.: \$32,770
TOTAL: \$39,203

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a 2-story dwelling of frame exterior construction with 2,712 square feet of living area. The dwelling is approximately 32 years old. Features of the home include a basement with finished area, central air conditioning, one fireplace, and a 2-car garage. The property has a 10,294 square foot site and is located in Hoffman Estates, Palatine Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of the inequity argument, the appellant submitted information on four equity comparables that are located in the same neighborhood code as the subject. The comparables are improved with class 2-78 dwellings of frame exterior construction ranging in size from 2,296 to 3,456 square feet of living area. The homes are either 33 or 35 years old. Each comparable has

an unfinished basement, central air conditioning, one fireplace, and a 2-car garage. The comparables have improvement assessments that range from \$22,067 to \$36,658 or from \$9.61 to \$10.61 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$39,203. The subject property has an improvement assessment of \$32,770 or \$12.08 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located in the same neighborhood code as the subject property. The comparables are improved with 2-story, class 2-78 dwellings of frame exterior construction ranging in size from 2,319 to 2,830 square feet of living area. The homes are either 32 or 33 years old. Each comparable has a basement, one of which has finished area, central air conditioning, one fireplace, and a 2-car garage. The comparables have improvement assessments that range from \$32,432 to \$36,224 or from \$12.36 to \$13.99 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of eight equity comparables to support their respective positions before the Property Tax Appeal Board. The Board finds the best evidence of assessment equity to be the board of review comparables #1, #2, and #3 which are more similar to the subject in location, design, age, dwelling size, and other features. These comparables have improvement assessments that range from \$34,617 to \$36,224 or from \$12.36 to \$12.90 per square foot of living area. The subject's improvement assessment of \$32,770 or \$12.08 per square foot of living area falls below the range established by the best comparables in this record. The Board gives less weight to the appellant's comparables and board of review comparable #4 which are less similar to the subject in dwelling size than the three best comparables. Based on this record and after considering adjustments to the best comparables for differences for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's improvement assessment based on inequity is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
