# FINAL ADMINISTRATIVE DECISION
# ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: Barrett Gourdie
DOCKET NO.: 20-20582.001-R-1
PARCEL NO.: 02-08-107-011-0000

The parties of record before the Property Tax Appeal Board are Barrett Gourdie, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds ***No Change*** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

| | |
|---|---|
| **LAND:** | $8,006 |
| **IMPR.:** | $33,555 |
| **TOTAL:** | $41,561 |

Subject only to the State multiplier as applicable.

## Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

## Findings of Fact

The subject property is improved with a 2-story dwelling of frame and masonry exterior construction with 2,904 square feet of living area. The dwelling is approximately 38 years old. Features of the home include an unfinished basement, central air conditioning, one fireplace, and a 2.5-car garage. The property has a 40,032 square foot site and is located in Inverness, Palatine Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of the inequity argument, the appellant submitted information on four equity comparables that are located in the same neighborhood code as the subject. The comparables are improved with class 2-78 dwellings of frame or frame and masonry exterior construction ranging in size from 2,584 to 3,558 square feet of living area. The homes are either 35 or 44 years old.

Each comparable has an unfinished basement, central air conditioning, either one or two fireplaces, and from a 2-car to a 3-car garage. The comparables have improvement assessments ranging from $24,393 to $37,698 or from $9.44 to $11.06 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of $41,561. The subject property has an improvement assessment of $33,555 or $11.55 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located in the same neighborhood code as the subject property. The comparables are improved with 2-story, class 2-78 dwellings of frame or frame and masonry exterior construction ranging in size from 2,880 to 3,052 square feet of living area. The homes range in age from 31 to 34 years old. Each comparable has a basement, one of which has finished area, central air conditioning, either one or two fireplaces, and from a 2-car to a 3-car garage. The comparables have improvement assessments ranging from $35,232 to $35,896 or from $11.62 to $12.46 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

## Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity, and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested comparables for the Board's consideration. The Board finds the best evidence of assessment equity to be the board of review comparables #1, #2, and #3 which are most similar to the subject in location, design, age, dwelling size, and features. These comparables have improvement assessments ranging from $35,652 to $35,896 or from $11.68 to $12.46 per square foot of living area. The subject's improvement assessment of $33,555 or $11.55 per square foot of living area falls below the range established by the best comparables in this record. The Board gives less weight to the appellant's comparables and board of review comparable #4 which are less similar to the subject in dwelling size than other comparables in this record or has basement finish, unlike the subject. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
