

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: David Fischer
DOCKET NO.: 20-20677.001-R-1
PARCEL NO.: 02-34-107-011-0000

The parties of record before the Property Tax Appeal Board are David Fischer, the appellant, by Amy C. Floyd, Attorney at Law in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$7,443
IMPR.: \$39,952
TOTAL: \$47,395

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame and masonry exterior construction with 3,234 square feet of living area. The dwelling is approximately 39 years old. Features include an unfinished basement, central air conditioning, one fireplace, and a 2-car garage. The property has an 11,910 square foot site and is located in Rolling Meadows, Palatine Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located in the same assessment neighborhood code as the subject. The comparables consist of class 2-78 2-story dwellings of frame or frame and masonry exterior construction ranging in size from 2,811 to 2,998 square feet of living area. The dwellings are from 38 to 43 years old. Each comparable has an unfinished basement, central air conditioning, and one

fireplace. The appellant's exterior photographs show the comparables each have a garage. The comparables have improvement assessments ranging from \$31,375 to \$33,821 or from \$11.16 to \$11.45 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment to \$36,706 or \$11.35 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$47,395. The subject property has an improvement assessment of \$39,952 or \$12.35 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located in the same assessment neighborhood code as the subject and within ¼ of a mile from the subject. The comparables consist of class 2-78 2-story dwellings of frame and masonry exterior construction ranging in size from 3,166 to 3,285 square feet of living area. The dwellings are 41 or 42 years old. Each comparable has an unfinished basement, central air conditioning, one fireplace, and a 2-car garage. The comparables have improvement assessments ranging from \$39,778 to \$40,934 or from \$12.38 to \$12.93 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight equity comparables for the Board's consideration. The Board finds the best evidence of assessment equity to be the appellant's comparables #2, #3 and #4 and the board of review comparables which are relatively similar to the subject in location, design, age, dwelling size and other features. These five comparables have improvement assessments ranging from \$33,438 to \$40,934 or from \$11.28 to \$12.93 per square foot of living area. The subject's improvement assessment of \$39,952 or \$12.35 per square foot of living area falls within the range established by the best comparables in this record. The Board has given less weight to the appellant's comparable #1 due to its smaller dwelling size when compared to the subject. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
