

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Heidi Yates
DOCKET NO.: 20-20685.001-R-1
PARCEL NO.: 02-35-402-008-0000

The parties of record before the Property Tax Appeal Board are Heidi Yates, the appellant, by Amy C. Floyd, Attorney at Law in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$6,708
IMPR.: \$31,333
TOTAL: \$38,041

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of frame and masonry exterior construction with 2,823 square feet of living area. The dwelling is approximately 60 years old. The home features a full basement with finished area, central air conditioning, two fireplaces and a two-car garage. The property has a 19,166 square foot site and is located in Palatine, Palatine Township, Cook County. The subject is classified as a class 2-04 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables that have the same assessment neighborhood code as the subject. The comparables are improved with class 2-04, one-story dwellings of frame or frame and masonry exterior construction ranging in size from 2,470 to 2,799 square feet of living area. The dwellings are from 52 to 65 years old. Two comparables have a crawl space or a concrete slab foundation, and

two comparables have a partial or a full unfinished basement. Each comparable has central air conditioning and from one to three fireplaces. The appellant did not disclose whether the comparables have garages although the exterior photographs depict at least two of the comparables have a garage. The comparables have improvement assessments that range from \$21,487 to \$24,135 or from \$8.19 to \$8.91 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment to \$24,391.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$38,041. The subject property has an improvement assessment of \$31,333 or \$11.10 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables that are located within the same assessment neighborhood code and the same block as the subject. The comparables are improved with class 2-04, one-story dwellings of frame and masonry exterior construction ranging in size from 2,174 to 2,779 square feet of living area. The dwellings are from 56 to 62 years old. Each comparable has a partial or a full basement, one of which has finished area, central air conditioning, one or three fireplaces, and a two-car garage. The comparables have improvement assessments that range from \$25,871 to \$32,676 or from \$11.72 to \$13.20 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight equity comparables for the Board's consideration. The Board has given less weight to the appellant's comparables #1, #3 and #4 as well as the board of review comparables #1 and #4 due to differences in their smaller dwelling sizes or lack of a basement foundation when compared to the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparable #2 and the board of review's comparables #2 and #3. These comparables are relatively similar to the subject in location, design, dwelling size, age, and some features, but still require upward adjustments for an unfinished basement area in contrast to the subject's finished basement. Likewise, the appellant's comparable #2 may require an adjustment for differences in its garage amenity, if any, as this information was not disclosed by the appellant. These three comparables have improvement assessments ranging from \$24,135 to \$32,676 or from \$8.62 to \$11.76 per square foot of living area. The subject's improvement assessment of \$31,333 or \$11.10 per square foot of living area falls within the range established by the best comparables in the record.

Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
