

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: William Koopmann
DOCKET NO.: 20-20688.001-R-1
PARCEL NO.: 02-35-101-014-0000

The parties of record before the Property Tax Appeal Board are William Koopmann, the appellant, by Amy C. Floyd, Attorney at Law in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$7,591
IMPR.: \$32,014
TOTAL: \$39,605

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame exterior construction with 2,586 square feet of living area. The dwelling is approximately 33 years old. Features include an unfinished basement, central air conditioning, two fireplaces, and a 3-car garage. The property has an 21,691 square foot site and is located in Palatine, Palatine Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located in the same assessment neighborhood code as the subject. The comparables consist of class 2-78 2-story dwellings of frame or frame and masonry exterior construction ranging in size from 2,597 to 3,076 square feet of living area. The dwellings are 36 or 43 years

old. Each comparable has a basement, one of which has finished area, central air conditioning, and one or three fireplaces. The appellant's exterior photographs show comparables #1 and #4 each have a garage. The comparables have improvement assessments ranging from \$25,090 to \$33,885 or from \$9.66 to \$11.17 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment to \$28,601 or \$11.06 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$39,605. The subject property has an improvement assessment of \$32,014 or \$12.38 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located in the same assessment neighborhood code as the subject and within ¼ of a mile from the subject. The comparables consist of class 2-78 2-story dwellings of frame exterior construction ranging in size from 2,178 to 2,901 square feet of living area. The dwellings are 32 to 36 years old. Each comparable has an unfinished basement, central air conditioning, one or two fireplaces, and either a 2-car or a 2.5-car garage. The comparables have improvement assessments ranging from \$27,029 to \$37,042 or from \$12.41 to \$12.85 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables and board of review comparables #1 and #3 due to differences in their dwelling sizes or basement finish when compared to the subject.

The Board finds the best evidence of assessment equity to be the board of review comparables #2 and #4 which are similar to the subject in location, design, age, dwelling sizes, and some features. These two comparables have improvement assessments of \$30,254 and \$34,876 or from \$12.77 to \$12.85 per square foot of living area. The subject's improvement assessment of \$32,014 or \$12.38 per square foot of living area is bracketed by the two best comparables in the record on an overall basis and below on a per-square-foot basis. After considering adjustments to the two best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
