

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Denise Blake
DOCKET NO.: 20-20692.001-R-1
PARCEL NO.: 02-01-105-060-0000

The parties of record before the Property Tax Appeal Board are Denise Blake, the appellant, by Amy C. Floyd, Attorney at Law in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$3,263
IMPR.: \$17,166
TOTAL: \$20,429

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a multi-level dwelling of frame exterior construction with 1,075 square feet of living area. The home is approximately 43 years old. Features include a partial basement with finished area, central air conditioning, and a 2-car garage. The property has a 5,933 square foot site and is located in Palatine, Palatine Township, Cook County. The subject is classified as a class 2-34 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables that are located in the subject's assessment neighborhood code. No data was provided regarding the proximity of the comparables to the subject. The comparables are improved with class 2-34 multi-level dwellings of frame and masonry exterior construction ranging in size from 1,273 to 1,618 square feet of living area. The homes are from 50 to 52

years old. Each comparable has a partial basement with finished area, two comparables each have central air conditioning, and one comparable has a fireplace. The photographs show three comparables each have a garage. The comparables have improvement assessments ranging from \$11,177 to \$16,056 or from \$8.78 to \$10.56 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$10,804 or \$10.05 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$20,429. The subject property has an improvement assessment of \$17,166 or \$15.97 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located in the same assessment neighborhood code and the same block as the subject. The comparables are improved with class 2-34 multi-level dwellings of frame exterior construction of either 1,075 or 1,135 square feet of living area. The homes are 41 or 43 years old. Each comparable has a partial basement with finished area, central air conditioning, and a 2-car garage. The comparables have improvement assessments ranging from \$17,858 to \$18,831 or from \$16.59 to \$17.15 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested comparables for the Board's consideration. The Board finds the best evidence of assessment equity to be the board of review comparables #1, #2 and #3 that are located in the same assessment neighborhood code and block as the subject and are identical to the subject in property characteristics. These three comparables have improvement assessments ranging from \$17,858 to \$18,440 or from \$16.61 to \$17.15 per square foot of living area. The subject's improvement assessment of \$17,166 or \$15.97 per square foot of living area falls below the improvement assessments of the best comparables in the record. The Board gives less weight to the appellant's comparables and the board of review comparable #4 which are less similar to the subject in age, dwelling size and/or other features. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
