

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Dave Emerson  
DOCKET NO.: 20-20725.001-R-1  
PARCEL NO.: 02-20-308-008-0000

The parties of record before the Property Tax Appeal Board are Dave Emerson, the appellant, by Amy C. Floyd, Attorney at Law in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$5,775  
**IMPR.:** \$18,023  
**TOTAL:** \$23,798

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 1-story dwelling of frame exterior construction with 1,578 square feet of living area. The home is approximately 50 years old. Features include a basement with finished area, central air conditioning, and a 2-car garage. The property has a 9,240 square foot site and is located in Hoffman Estates, Palatine Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables that are located in the subject's assessment neighborhood code. The comparables are improved with 1-story, class 2-03 dwellings of frame or frame and masonry exterior construction ranging in size from 1,282 to 1,578 square feet of living area. The homes range in age from 41 to 49 years old. One comparable has a partial basement with finished area, two

comparables each have a crawl space foundation, and one comparable has a concrete slab foundation. One comparable has central air conditioning and two comparables each have one fireplace. The appellant did not disclose whether the comparables have garages although copies of photographs of the comparables submitted by the appellant depict each home as having an attached or an integral garage. The comparables have improvement assessments ranging from \$9,854 to \$14,806 or from \$7.69 to \$9.38 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$13,381 or \$8.48 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$23,798. The subject property has an improvement assessment of \$18,023 or \$11.42 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located in the subject's assessment neighborhood code. The comparables are improved with 1-story, class 2-03 dwellings of frame exterior construction with either 1,546 or 1,578 square feet of living area. The homes are either 49 or 50 years old. Three comparables each have a full basement, one of which has finished area, and one comparable has a crawl space foundation. Three comparables each have central air conditioning and each comparable has a 2-car garage. The comparables have improvement assessments ranging from \$18,562 to \$19,587 or from \$11.76 to \$12.67 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested comparables for the Board's consideration. The Board finds the best evidence of assessment equity to be board of review comparables #1, #2, and #4 which are overall more similar to the subject in location, design, age, dwelling size, foundation type, and other features. These comparables have improvement assessments ranging from \$18,562 to \$19,587 or from \$11.76 to \$12.67 per square foot of living area. The subject's improvement assessment of \$18,023 or \$11.42 per square foot of living area falls below the range established by the best comparables in this record. The Board gives less weight to the appellant's comparables as well as board of review comparable #3 due to differences in foundation type and/or dwelling size when compared to the subject. After considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the subject's improvement is supported and a reduction is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
