

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Ted Bushell
DOCKET NO.: 20-20726.001-R-1
PARCEL NO.: 02-21-413-028-0000

The parties of record before the Property Tax Appeal Board are Ted Bushell, the appellant, by attorney Amy C. Floyd, Attorney at Law in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$7,036
IMPR.: \$30,093
TOTAL: \$37,129

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame exterior construction with 2,232 square feet of living area. The home is approximately 36 years old. Features include a full basement, central air conditioning, one fireplace, and a 2-car garage. The property has an 11,258 square foot site and is located in Palatine, Palatine Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables that are located in the subject's assessment neighborhood code. The comparables are improved with 2-story, class 2-78 dwellings of frame or frame and masonry exterior construction ranging in size from 2,811 to 2,998 square feet of living area. The homes range in age from 38 to 43 years old. Each comparable has a full basement, central air conditioning, and

one fireplace. The appellant did not disclose whether the comparables have garages although copies of photographs of the comparables submitted by the appellant depict each home as having an attached or integral garage. The comparables have improvement assessments ranging from \$31,375 to \$33,821 or from \$11.16 to \$11.45 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$25,333 or \$11.35 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$37,129. The subject property has an improvement assessment of \$30,093 or \$13.48 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located in the subject's assessment neighborhood code and on the same block as the subject property. The comparables are improved with 2-story, class 2-78 dwellings of frame exterior construction with each having 2,232 square feet of living area. The homes are either 32 or 36 years old. Each comparable has a full basement, central air conditioning, and a 2-car garage. Three comparables each have one fireplace. The comparables have improvement assessments ranging from \$31,739 to \$32,777 or from \$14.22 to \$14.69 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested comparables for the Board's consideration. The Board finds the best evidence of assessment equity to be the board of review comparables which are located on the same block as the subject. These comparables are identical to the subject in dwelling size with varying degrees of similarity in age and other features. These comparables have improvement assessments ranging from \$31,739 to \$32,777 or from \$14.22 to \$14.69 per square foot of living area. The subject's improvement assessment of \$30,093 or \$13.48 per square foot of living area falls below the range established by the best comparables in this record. The Board gives less weight to the appellant's comparables which are less similar to the subject in dwelling size than the board of review comparables. After considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the subject's improvement is supported and a reduction is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
