

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Lothar Koschlk
DOCKET NO.: 20-20806.001-R-1
PARCEL NO.: 23-14-113-003-0000

The parties of record before the Property Tax Appeal Board are Lothar Koschlk, the appellant, by attorney John W. Zapala, of the Law Offices of John Zapala, P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$5,546
IMPR.: \$15,720
TOTAL: \$21,266

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a multi-level dwelling of frame and masonry exterior construction with 1,296 square feet of living area. The dwelling is approximately 47 years old. Features of the home include a partial basement that is finished with a recreation room, central air conditioning, one fireplace and a 2-car garage. The property has a 8,875 square foot site and is located in Palos Hills, Proviso Township, Cook County.

The appellant contends assessment inequity regarding the improvement as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with class 2-34 dwellings of frame and masonry exterior construction ranging in size from 1,372 to 1,787 square feet of living area. The comparables are 43 to 52 years old and have partial basements that are finished with recreation rooms. Four comparables

have central air conditioning. Each comparable has a 2-car garage. The comparables have improvement assessments ranging from \$8,924 to \$18,887 or from \$6.50 to \$10.95 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$21,266. The subject property has an improvement assessment of \$15,720 or \$12.13 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables located within the same assessment neighborhood code. The comparables are improved with class 2-34, multi-level dwellings of frame and masonry exterior construction ranging in size from 1,247 to 1,477 square feet of living area. The comparables are 46 or 47 years old. The comparables have partial basements that are finished with a recreation room. Each comparable has central air conditioning and a 2-car garage. Comparable #4 has a fireplace. The comparables have improvement assessments ranging from \$17,383 to \$20,709 or from \$12.67 to \$15.01 per square foot of living area.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains nine equity comparables for the Board's consideration. The Board gives less weight to appellant's comparables #2, #3 and #5 due to difference in dwelling size when compared to the subject. The Board gives less weight to appellant's comparable #1 due to its considerably lower improvement assessment than the other comparables in the record.

The Board finds the best evidence of assessment equity to be appellant's comparable #4 as well as the board of review comparables which overall are more similar to the subject in location, age, dwelling size and features. These comparables have improvement assessments ranging from \$14,925 to \$20,709 or from \$10.88 to \$15.01 per square foot of living area. The subject's improvement assessment of \$15,720 or \$12.13 per square foot of living area falls within the range established by the best comparables in this record. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
