

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Ibrahim Dajeh
DOCKET NO.: 20-21739.001-R-1
PARCEL NO.: 24-05-404-012-0000

The parties of record before the Property Tax Appeal Board are Ibrahim Dajeh, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$3,077
IMPR.: \$13,604
TOTAL: \$16,681

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of masonry exterior construction with 1,230 square feet of living area. The dwelling is approximately 61 years old. Features of the home include a basement with finished area, central air conditioning and a 2-car garage. The property has a 6,155 square foot site and is located in Oak Lawn, Worth Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located in the same neighborhood code as the subject property. The comparables

are improved with class 2-03, 1-story or 2-story dwellings¹ of masonry exterior construction ranging in size from 1,575 to 1,782 square feet of living area. The comparables are from 54 to 64 years old. Each comparable has a basement with three comparables having a finished area, central air conditioning, one or two fireplaces and a 2-car garage. The comparables have improvement assessments ranging from \$15,672 to \$16,459 or from \$9.14 to \$10.20 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$11,734 or \$9.54 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$16,681. The subject property has an improvement assessment of \$13,604 or \$11.06 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located in the same neighborhood code as the subject property. The comparables are improved with 1-story dwellings of masonry exterior construction ranging in size from 1,127 to 1,196 square feet of living area. The comparables are 61 or 63 years old. Each comparable has a basement with one comparable having a finished area and either a 1.5-car or a 2-car garage. Three comparables each have central air conditioning, and two comparables each have one fireplace. The comparables have improvement assessments ranging from \$4,836 to \$15,870 or from \$4.04 to \$14.08 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested comparables for the Board's consideration. The Board gives more weight to the board of review comparables #2, #3 and #4 which are overall more similar to the subject property in location, design, age, dwelling size and some features. These three comparables have improvement assessments ranging from \$14,996 to \$15,870 or from \$13.14 to \$14.08 per square foot of living area. The subject's improvement assessment of \$13,604 or \$11.06 per square foot of living area falls below the range established by the best comparables in this record. The Board gives less weight to the appellant's comparables which are less similar to the subject in design and/or dwelling size than the other comparables in the record. In addition, the Board gives less weight to the board of review comparable #1 which appears to be an outlier with its considerably lower improvement assessment in relation to the other comparables in the record. Based on this evidence and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did

not prove by clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
