

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Scott Studebaker
DOCKET NO.: 20-21796.001-R-1
PARCEL NO.: 22-20-400-017-0000

The parties of record before the Property Tax Appeal Board are Scott Studebaker, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds No Change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$2,062
IMPR.: \$12,001
TOTAL: \$14,063

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame exterior construction with 1,184 square feet of living area. The dwelling is approximately 133 years old. Features of the home include an unfinished basement. The property has a 3,750 square foot site and is located in Lemont, Lemont Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted four equity comparables that are located in the same assessment neighborhood code as the subject property. The comparables are improved with class 2-11, two-story dwellings of frame exterior construction ranging in size from 1,672 to 2,107 square feet of living area. The dwellings range in age from 127 to 154 years old. Each comparable has an unfinished basement and central air conditioning. Three comparables each have a 2-car garage. The comparables have improvement assessments that range from \$14,050 to \$17,910 or from \$8.40 to \$9.14 per square foot of living area. Based on

this evidence, the appellant requested the subject's improvement assessment be reduced to \$10,360 or \$8.75 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$14,063. The subject property has an improvement assessment of \$12,001 or \$10.14 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on three equity comparables located within the same assessment neighborhood code as the subject property.¹ The comparables are improved with class 2-11, two-story dwellings of frame exterior construction ranging in size from 1,321 to 1,776 square feet of living area. The dwellings range in age from 134 to 167 years old. Two comparables have an unfinished basement, and one comparable has a concrete-slab foundation. One comparable has a 2-car garage. The comparables have improvement assessments that range from \$15,429 to \$20,678 or from \$10.82 to \$12.80 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains seven suggested equity comparables for the Board's consideration. The Board has given less weight to the appellant's comparables due to their feature of central air conditioning, an amenity the subject lacks. The Board gives reduced weight to board of review comparable #2 due to its concrete-slab foundation when compared to the subject's unfinished basement.

The Board finds the best evidence of assessment equity to be board of review comparables #1 and #3. The Board finds that these two comparables are most similar to the subject in location, design, age and some features. However, these comparables have slightly larger dwelling sizes when compared to the subject, suggesting downward adjustments would be required to make these comparables more equivalent to the subject. Nevertheless, these two most similar comparables have improvement assessments of \$15,429 and \$20,678 or \$11.68 and \$12.80 per square foot of living area. The subject's improvement assessment of \$12,001 or \$10.14 per square foot of living area, falls below the improvement assessment of the two best comparables in this record. Based on this record and after considering adjustments to the comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing

¹ The board of review comparable #1 is the same property as comparable #3. For ease of reference, the Board has renumbered comparable #4 to comparable #3.

evidence that the subject's improvement was inequitably assessed and a reduction in the assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
